

GENESIS GV80

The GENESIS GV80 has an innovative design and outlook that embodies the future identity of GENESIS.

Succeeding the design identity of athletic splendor with impeccable balance, elegance, and tenacity

while bolstering the absolute values of luxurious spacing, refined performance, and intricate comfort and safety,

GV80 captures the classiness and confidence of genuine luxury.

As the very first SUV model from the brand, GV80 takes you on a new journey with its avant-garde philosophy

and vision through the athleticism and elegance exclusive to GENESIS.

EXTERIOR

GENESIS GV80 integrates the athleticism of an SUV and the elegance of a sedan to deliver a dynamic premium SUV through the athletic elegance of the muscular hood and tenacious bumper design, and the bold presence of its crest grille and quadlamps.

Full LED headlamps _ The slim space separating the upper and lower headlamps embodies the brand identity of GENESIS that adds to the presence of the athletic front design.

Savile Silver (Gasoline 3.5 turbo / AWD with electronic limited-slip differential / 22" sputtering wheels & Michelin tires)

22" Sputtering Wheel Michelin tires _ Wheels with a stylish and luxurious design and large tires complete the proportionate look of a sporty SUV.

* Front Monobloc Brakes come with 20" and 22" wheels
(2.5 turbo and 3.0 Gasoline Silver / 3.5 turbo Copper)

Full LED rear combination lamps _ Full LED rear combination lamps deliver the high-tech SUV look on top of a muscular low and wide rear design.

Cardiff Green (Gasoline 3.5 turbo / AWD with electronic limited-slip differential / 22" sputtering wheels & Michelin tires)

INTERIOR

A wide cabin utilizing a horizontal layout that stresses the beauty of simplicity on top of a bold design identity and ergonomics, combined with an improved user experience along with the application of intricate materials and colors offer a premium interior.

Urban Brown / Vanilla Beige Two-tone (Signature Design Selection II (Olive Ash real wood))

Ultramarine Blue / Dune Beige Two-tone (Signature Design Selection I (G-MATRIX patterned aluminum))

Crash pad with synthetic leather binding _ The crash pad is finished with soft-textured synthetic leather binding creating an elegant interior through refined stitching.

G-Matrix patterned aluminum interior _ G-Matrix patterned real aluminum is used throughout the interior to maximize elegance.

Two-tone leather steering wheel _ A leather steering wheel with a superior grip completed by a two-toned color design delivers the exclusive experience of GENESIS' uniqueness transcending luxury.

Prime Nappa leather-appointed interior _ The interior is appointed with Nappa leather, finished with the highest degree of craftsmanship exemplified by refined details. The Nappa leather upholstery boasts an unrivaled natural texture and luxury from G-Matrix pattern quilting.

Urban Brown / Vanilla Beige Two-tone (Signature Design Selection II (Olive Ash real wood interior))

Cardiff Green

CONVENIENCE

GENESIS GV80 offers a premium driving experience characterized by comfort and pleasure through high-tech convenience features such as the optimum infotainment environment created through cutting-edge AI, connected-car technologies and an innovative air-conditioning system.

Maroon Brown / Smokey Green Two-tone (Signature Design Selection II (Olive Ash real wood interior))

01.

14.5" infotainment system and 12.3" 3D cluster display _

The 14.5" infotainment system, the largest ever offered in its class with outstanding visibility, and a wide range of convenience features, as well as a large 12.3" 3D cluster display with a UHD LCD provide an improved user experience and a cutting-edge, sophisticated visual appearance.

02.

GENESIS touch controller _ Instead of complicated keyboard input, the handwriting recognition features of the touch controller make it easier and faster to set settings and enter navigation information.

03.

Touch-type climate control panel (including haptic feedback) _

Air-conditioning for the 2nd row seats can be controlled with a single touch. The touch-type climate control panel allows users to activate and adjust the air purification system including the fine dust detector, prefilters, and high-performance combination filters, significantly reducing dust particle concentration inside the passenger cabin, thereby ensuring a pleasant interior atmosphere.

After-blow _ This dries any remaining condensate in the air conditioner after being turned off, preventing mold growth and reducing odor.

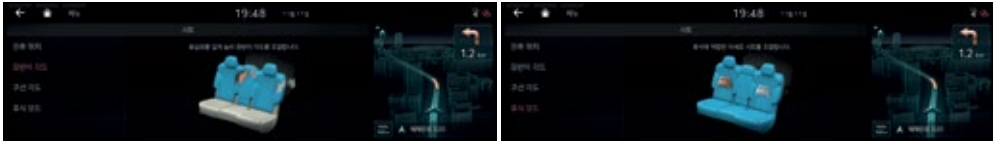

ERGO Motion Front Seats _ GENESIS GV80 features ergonomic ERGO Motion Seats with 7 air pouches that offer the ultimate in seating comfort when you're on the go for both the driver and front passenger. Furthermore, the upgraded 2nd generation smart seating posture adjustment system recommends the optimal and most comfortable seating position to help alleviate driver fatigue.

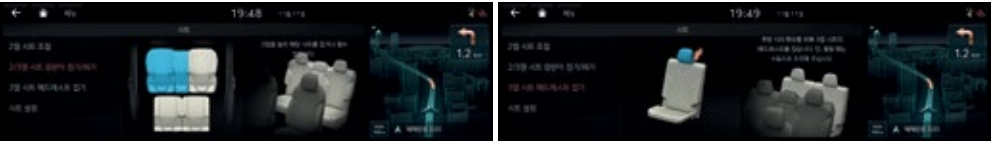

Urban Brown / Vanilla Beige Two-tone (Signature Design Selection II (Olive Ash real wood interior))

Power and ventilated 2nd row seats _ The comfort adjustment functions including power 2nd row seats (for reclining, sliding, and tilting), one-touch relax and 2nd and 3rd row power folding seats offer 2nd row passengers a level of comfort close to that of a luxury sedan. In addition, the driver can adjust the 2nd row seats and fold down the 2nd and 3rd row seats from the infotainment system without having to exit the vehicle through the rear-seat configuration feature.

*The features introduced in this brochure may vary from trim to trim.

3rd row power folding seats _ The easy-to-use touch of a button function on the luggage side allows even children to fold down the 3rd row seats while the rear-seat configuration feature allows folding of the headrest of those seats for ultimate convenience.

*The features introduced in this brochure may vary from trim to trim.

PERFORMANCE

GENESIS GV80 offers an elegant and athletic premium SUV experience through a comfortable and balanced driving experience with a more powerful, high-performance engine.

Gasoline 2.5 turbo

| | | | | | |
|-----|---------------------------------|------|--|-----|---|
| 304 | Maximum output (PS/5,800rpm) | 43.0 | Maximum torque (kgf·m/1,650~4,000rpm) | 9.7 | Combined fuel economy(km/ℓ) RWD, 19" |
|-----|---------------------------------|------|--|-----|---|

Gasoline 3.5 turbo

| | | | | | |
|-----|---------------------------------|------|--|-----|---|
| 380 | Maximum output (PS/5,800rpm) | 54.0 | Maximum torque (kgf·m/1,300~4,500rpm) | 8.6 | Combined fuel economy(km/ℓ) RWD, 20" |
|-----|---------------------------------|------|--|-----|---|

Cardiff Green (Gasoline 3.5 turbo / AWD with electronic limited-slip differential / 22" sputtering wheels & Michelin tires)

Electronically controlled suspension with road preview _ This system recognizes the surface conditions of the road ahead through a front-facing camera and GPS navigation, and controls the suspension to optimize for such conditions to ensure the ultimate in driving comfort and safety.

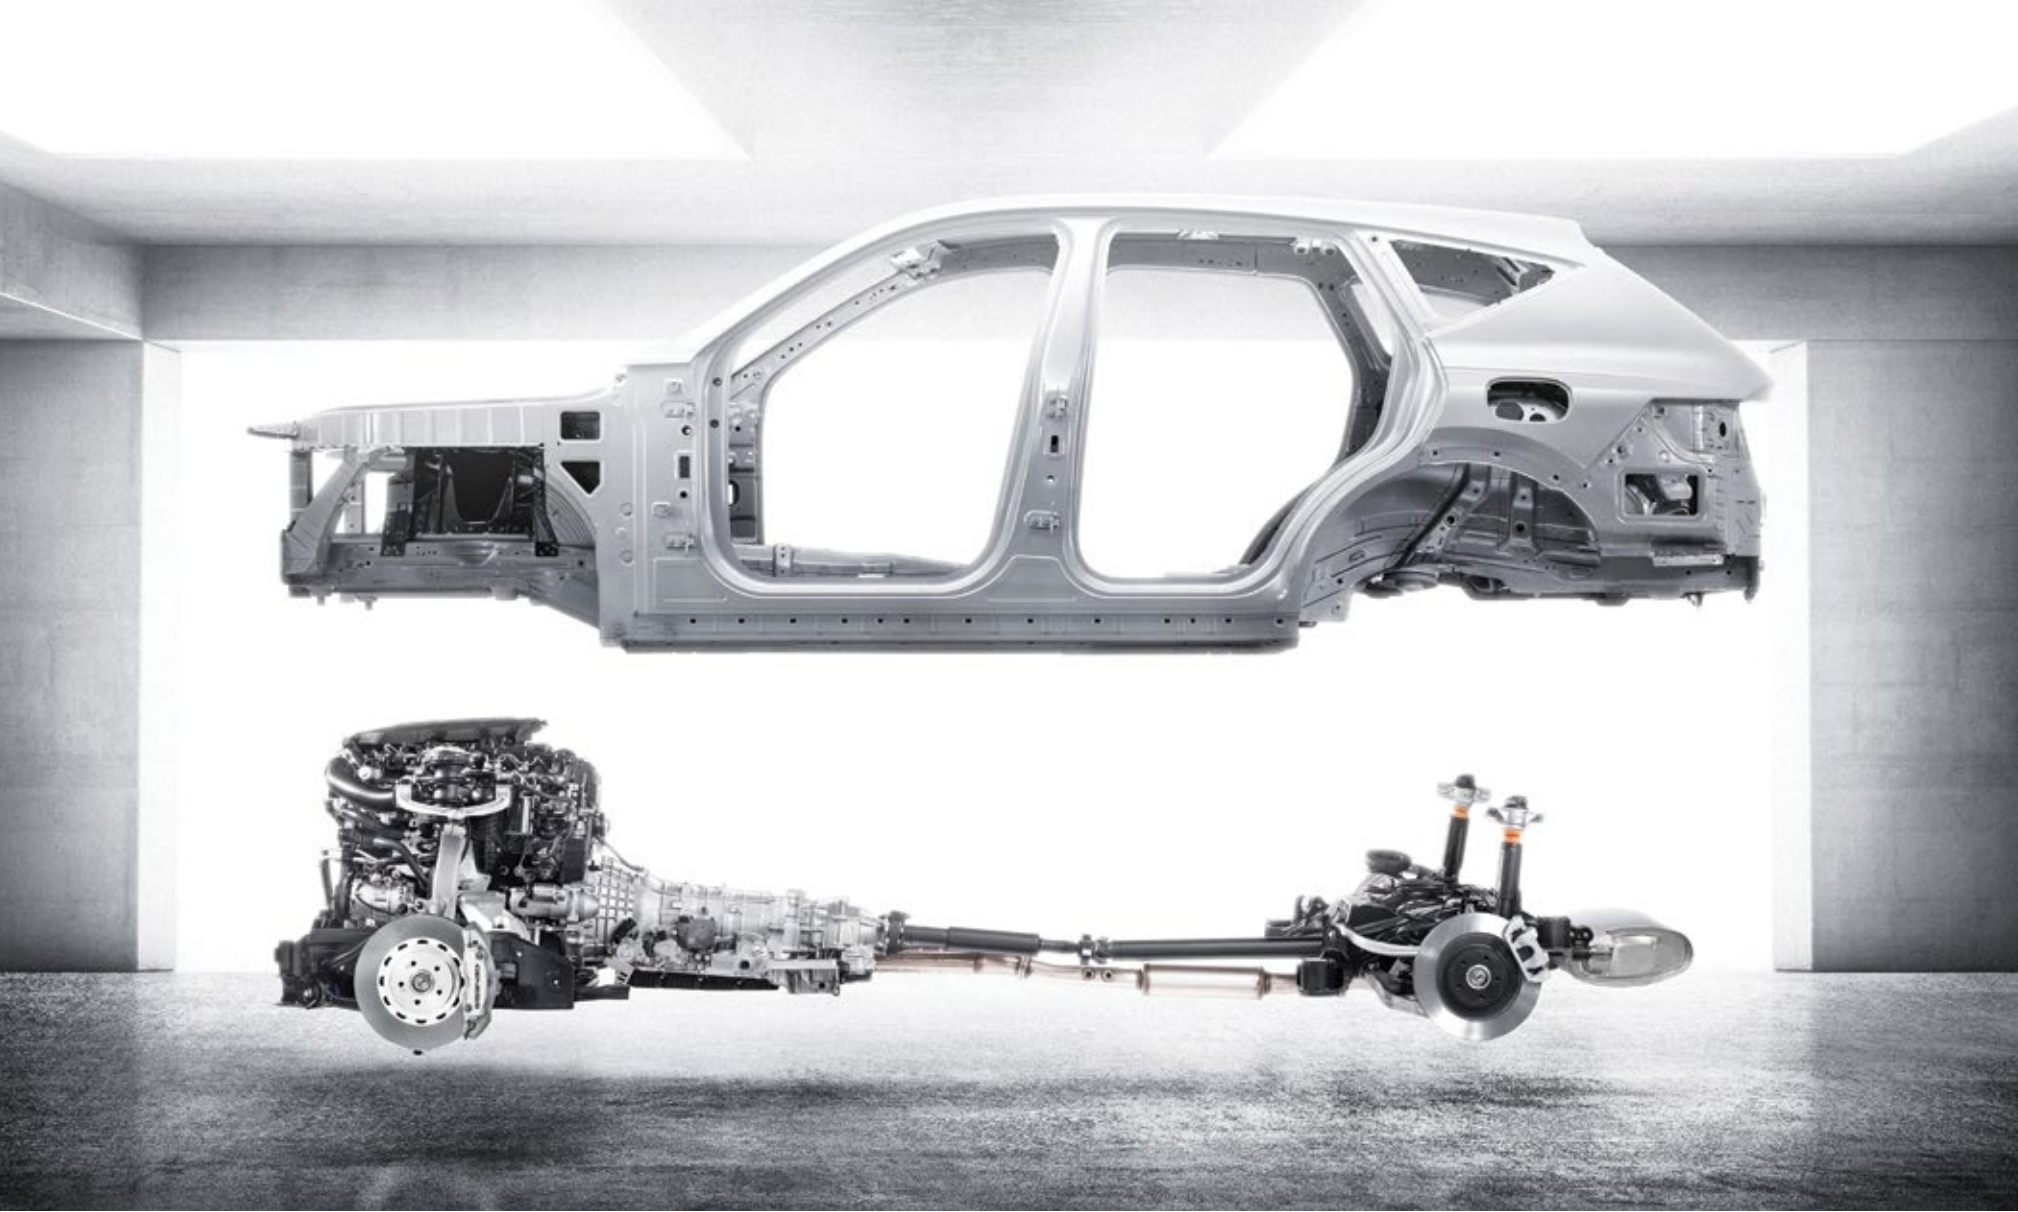

All driving mode / terrain mode _ Drivers can switch between Comfort, Eco, Sport, or Custom driving modes according to personal needs or driving conditions. Drivers can also switch between Mud, Sand, or Snow terrain conditions to balance power between wheels for outstanding off-road performance. The current status of the driving mode is shown on the cluster display and the infotainment system.

AWD System (electronic limited-slip differential, or e-LSD) _ Power is optimally distributed in accordance with off-road, on-road or other various driving conditions. The use of the AWD system that tracks vehicle speed and road conditions to control power between the left and right wheels, and the e-LSD that balances power between the front and rear wheels ensures stability while driving on rough roads.

New body platform _ GV80 uses an optimized new platform for rear-wheel drive SUVs that incorporates a new suspension structure which provides ultimate driving performance while lightweight technology and a reinforced SUV frame ensure driving stiffness. An aluminum body is used for the doors, hood, and tailgate. The average tensile strength of the body was increased significantly to ensure the best collision safety in its class. Hot stamping plates were used over a wider area around the passenger compartment to bolster passenger safety as our number one priority.

10-airbag system _ 10 airbags, including GENESIS' first center side airbag and driver and front passenger airbags that are deployed after sensing the severity of the impact and the presence of passengers, are installed to protect passengers against collisions from all directions.

Lexicon 18 speaker system (QuantumLogic Surround) _ This QuantumLogic Surround system offers a clear, dynamic sound without distortion and provides more powerful multi-dimensional surround sound.

Active road noise control _ This system feature is applied to detect tire vibration produced by the surface of the road and noise transmitted to the passenger compartment, and generates anti-phase sound waves in response through the vehicle's speakers, thereby reducing the noise and maintaining maximum tranquility.

Double-jointed soundproof glass (front windshield and all doors) _ Acoustic laminated glass is applied to the front windshield and the glass of the 1st and 2nd row doors to offer the ultimate in unrivaled tranquility inside the passenger cabin.

INTELLIGENT

GENESIS GV80 analyzes current driving conditions automatically and offers maximum safety and the ultimate driving experience through an active driver assistance system.

Augmented reality navigation _ The navigation displays the destination and the route accurately superimposed on the actual driving feed to provide drivers with necessary information more intuitively. It also displays even the most minute details regarding the advanced driver assist system, including destination marks, smart cruise information, and departure alerts for vehicles in front.

Cardiff Green (Gasoline 3.5 turbo / AWD with electronic limited-slip differential / 22" sputtering wheels & Michelin tires)

Smart Cruise Control (with driver's tendency learning) _ Automatically adjusts vehicle speed as set by the driver and helps maintain a safe distance from the vehicles in front according to the driver's tendencies. The cruise control system picks up on the driving behaviors of the driver, such as the distance maintained from cars in front, acceleration intensity and response rate, when the smart cruise control is deactivated and controls the vehicle in a manner similar to the driver once the cruise control is activated.

Lane Maintenance Assist _ Helps with steering to keep the vehicle within the chosen lane.

01.

Forward Collision-Avoidance Assist _ Alerts the driver of the potential for a forward collision with vehicles, pedestrians or cyclists in front of the vehicle, and activates the brakes in the event of an impending collision. Forward Collision-Avoidance Assist also brakes automatically to avoid an impending collision with vehicles approaching from either side at an intersection.

02.

Parking Collision-Avoidance Assist Rear _ Monitors the rear when the vehicle is in reverse, alerts the driver of any approaching pedestrians or objects and brakes automatically if a collision seems unavoidable even after the alert.

03. 04.

Forward Attention Warning _ Through the built in camera, the system monitors the driver's level of attention and warns the driver through cluster display notifications and an acoustic warning to help secure the driver's attention and safety.

Rear Cross-Traffic Collision Prevention Assist _ Monitors areas to the left and right when the vehicle is in reverse and alerts the driver of any approaching traffic on either side and brakes automatically if a collision seems unavoidable even after the alert.

05.

Rear Collision-Avoidance Assist _ Alerts the driver to the potential for a collision from the rear when the turn signal indicator is switched on for lane changes and helps avoid mishaps and brakes automatically if a collision seems unavoidable even after the alert. Brakes automatically to avoid an impending collision with vehicles from the rear while pulling out from parallel parking.

06.

Surround View Monitor _ Helps the driver park safely by displaying the vehicle's surroundings through a 360 degree 3D view and various other video feeds.

FEATURES

265/50 R20 Michelin tires & diamond cut wheels
265/40 R22 Michelin tires & sputtering wheels

Cardiff Green (Gasoline 2.5 Turbo / AWD with electronic limited-slip differential / 20" diamond cut wheels & Pirelli tires)
