

GENESIS GV70

GENESIS GV70

DEFINING STYLE, EVERY MOMENT

The new Genesis GV70 is filled with the refined sensibility of people who value individuality and style. It embodies the dynamic personality of people whose lives are filled with fulfillment and passion.

Whether work or play or time and space, every moment in Genesis GV70 is even more special with the new, sportier exterior design and innovative spatial experiences.

Uyuni white (gasoline 2.5 turbo/AWD/21" dark sputtering wheels & Michelin tires/panoramic sunroof/full package)

GENESIS GV70 IS A LUXURY MIDSIZE SUV THAT ONCE AGAIN BALANCES STYLE, SPACE,
AND CUTTING-EDGE TECHNOLOGY BEAUTIFULLY.

Uyuni white (gasoline 2.5 turbo/AWD/21" dark sputtering wheels & Michelin tires/panoramic sunroof/full package)

Uyuni white (gasoline 2.5 turbo/AWD/21" dark sputtering wheels & Michelin tires/panoramic sunroof/full package)

Front design

21" dark sputtering wheels & Michelin tires

※ The gasoline 3.5 turbo model comes equipped with copper-painted front monoblock (4P) brakes.

Rear design

High-mounted stop lamp

Urban brown/frozen gray two-tone (full package including frozen gray seat, urban brown door upper trim/Signature Design Selection II - Elegance Line mood lighting interior)

Urban brown/frozen gray two-tone (full package including frozen gray seat, urban brown door upper trim/Signature Design Selection II - Elegance Line mood lighting interior)

Nappa leather seat

Elegance Line mood lighting

Newly designed steering wheel

Genesis Unified Controller / Shift-By-Wire (SBW) Electronic Shift Dial

GENESIS GV70 SPORT

DEFINING DYNAMIC STYLE, EVEN WHEN STATIONARY

Genesis GV70's sophisticated image has been reinforced with more intense colors and dynamism. It brings the true meaning of "Sport" to life.

The edgy, redesigned wheels and mufflers and the unique materials applied even on the small interior and exterior details give Genesis GV70 Sport a unique and dynamic appeal that is conveyed even when stationary.

EXPERIENCE

The elegantly designed interior space, the soft touch of every detail, and the premium sound that envelopes your entire body render a completely new spatial experience.

01 Mood Curator

Choose between 4 modes (Vitality, Delight, Care, and Comfort) to synchronize music, scents, and interior lighting according to your mood.

02 Bang & Olufsen high-resolution sound system (16-speaker) & Dolby ATMOS

10-level surround delivers rich and refined sound effects while the BeoSonic function allows customization of sound settings. In addition, Dolby ATMOS adds depth, clarity, and detail to sounds for an audio experience that envelopes the entire body.

※ Dolby ATMOS is supported in the Netflix and Disney+ apps of the Entertainment menu.

03 Independently controlled full auto air conditioning system & Crash pad scent diffuser

Front and rear seat air conditioning temperatures and modes can be adjusted independently while giving the driver access to every seat's control. The air purification system reduces micro dust while a scent diffuser built into the crash pad helps to create a more aromatic and pleasant environment.

※ The independently controlled full auto air conditioning system is standard, while the crash pad scent diffuser is optional.

04 Front UV light-sterilized armrest box

UV-C LEDs irradiate harmful bacteria and sterilize items that can get easily contaminated.

※ Based on in-house test results verified by Intertek, an international certification agency. Results may vary depending on the actual usage environment.

05 1st-row Ergo Motion Seats

Seven air pockets built into each seat provide optimal seating comfort and support. Moreover, an upgraded second-generation smart posture control system suggests optimal seat positions to reduce driver fatigue.

CONVENIENCE

Enjoy the convenience of smart devices and personalized services inside the car seamlessly with high-tech amenities that are compatible with the latest technology.

01 Genesis infotainment system

A connected car Integrated Cockpit (ccIC) provides a rich UX(User Experience) and a wide range of visual information with a wide, 27" OLED display and controller that integrates the cluster, HUD, and AVNT (audio, video, navigation).

02 GENESIS Digital key 2

Besides using the smart key, users can facilitate the door locks and engine ignition through iPhone, Apple Watch, and Android smartphones. Accessibility can be shared with up to 15 devices.

- ※ For more information on which devices are compatible with this feature, please visit the GENESIS website.
- ※ Apple Watch is currently the only smart watch compatible with this feature.

03 Built-in cam 2

Front and rear cameras capture high-resolution driving/parking videos and voice recordings that can be viewed in real-time through the navigation screen and smartphone. Contents can be replayed, downloaded, and uploaded to SNS.

04 Indoor fingerprint authentication system (personalization, ignition, payments, etc.)

Select personal user settings, make In-car Payment, disengage valet mode, and start the engine with fingerprint authentication.

05 Digital Center Mirror

The rear view image is projected on the room mirror using optical mirror view or rear view video display to improve safety while driving at night or in rainy weather.

06 Hands On Detection

Electric currents that flow when hands touch the steering wheel are detected to determine whether the steering wheel is being gripped. Driver's movements are distinguished accurately to improve the safety of advanced driver assistance systems.

PERFORMANCE

Enjoy a quiet yet dynamic drive while basking in Genesis' uniquely luxurious ride.

Gasoline 2.5 turbo

304

Max. power (PS/5,800rpm)

43.0

Max. torque (kgf-m/1,650~4,000rpm)

Gasoline 3.5 turbo

380

Max. power (PS/5,800rpm)

54.0

Max. torque (kgf-m/1,300~4,500rpm)

01 Electronically controlled suspension with road preview

Changes in the road's surface and driving conditions are anticipated using diverse sensors. Suspension is automatically adjusted to maintain riding comfort.

02 Crosswind Stability Control

Lateral movement is stabilized through automatic steering and braking to prevent lane departures while driving at high speeds in strong crosswinds.

03 Auto Terrain Mode

Artificial intelligence is used to detect changes in the road's surface in real time. Driving mode is automatically adjusted to optimize driving performance.

04 Brake Mode

Drivers can choose between Comfort and Sport mode for a differentiated braking sensation. Sport mode offers a sportier braking feel that matches Genesis GV70's driving performance.

INTELLIGENCE

Advanced driver assistance systems and safety features ensure a comfortable and safe drive at all times.

01 Forward Collision-avoidance Assist 2 (FCA) system

The driver is alerted in diverse situations where there is a risk of a collision (below). Helps to brake the car automatically if the risk continues to increase.

- A vehicle, motorcycle, pedestrian, or cyclist that suddenly brakes in front of the car.
- A vehicle, motorcycle, or cyclist approaching from the opposite lane while making a left turn in an intersection.
- A vehicle approaching from the left or right while crossing an intersection.
- A vehicle or motorcycle approaching straight ahead from the opposite direction.
- A vehicle or motorcycle approaching from the opposite direction while changing lanes.
- A vehicle or motorcycle in an adjacent lane while changing lanes.
- A vehicle, motorcycle, pedestrian, or cyclist in front of the car on the edge of the road.

02 Lane Keeping Assist (LKA) system

Recognizes lanes (including road boundaries) and alerts the driver if the car drifts out of the lane while traveling above a certain speed without a turn signal. Helps to steer the car automatically into place to prevent unintended lane departures.

03 Blind-spot Collision-avoidance Assist (BCA) system

Detects vehicles in the back in adjacent lanes, flashes a warning light, and sounds an alarm to alert the driver if there is a risk of a collision while driving above a certain speed. In addition, it helps to brake the car automatically if there is a growing risk of colliding while moving forward.

04 Highway Driving Assist 2 (HDA) system

Helps to maintain a preset speed, a safe distance from vehicles in front, and the center of the lane (including on curved roads) while cruising on an expressway or highway. Helps to steer the car away from adjacent vehicles that come dangerously close without overrunning the lane. In addition, it automatically changes lanes if the driver activates the turn signal while traveling above a certain speed and holding on to the steering wheel.

05 Remote Smart Parking Assist 2 (including parking line recognition and diagonal parking)

Helps to park or pull out the car remotely by moving the car forward or backward using the remote control on the smart key. Recognizes parking lines to assist with perpendicular, parallel, and diagonal parking.

SPECIFICATIONS

※ Units: mm, Track width based on 255/40R21 tires

Drive efficiently: Maintain a constant speed | Fuel efficiency corresponds to standard mode. Actual figures may vary depending on road conditions, driving habits, vehicle load, maintenance, and outside temperature. | Images may depict options that can lead to differences with the actual vehicle purchased. | Specifications, colors, and equipment depicted in this publication are subject to change to improve the appearance and performance of the vehicle. | Refer to the owner’s manual for details and notes on specifications. | Engine performance figures are net figures required by the Ministry of Land, Infrastructure, and Transport since 1997. They take into account the resistance of exhaust gas, possibly resulting in a slight decrease compared to conventional gross figures. | Leather seats make partial use of synthetic leather. | Vehicle colors in this publication are printed and may therefore vary slightly from the actual colors of the vehicle. | GENESIS is sold exclusively through car masters at branches and dealerships. Products and prices are transparent and identical nationwide. | Using low-quality or low-performance oils and fuels can cause damage to the vehicle. | Please refer to the owner’s manual for details on new technologies and specifications featured in this catalog. | This catalog is illustrated for customer understanding and focuses on top-of-the-line models and options. | Specifications may vary according to the trim, package, powertrain, and exterior color that are selected. Please refer to the current month's price list for detailed specifications of each model.
