BRAND INTRODUCTION

## BRAND INTRODUCTION

### DISTINCTLY KOREAN

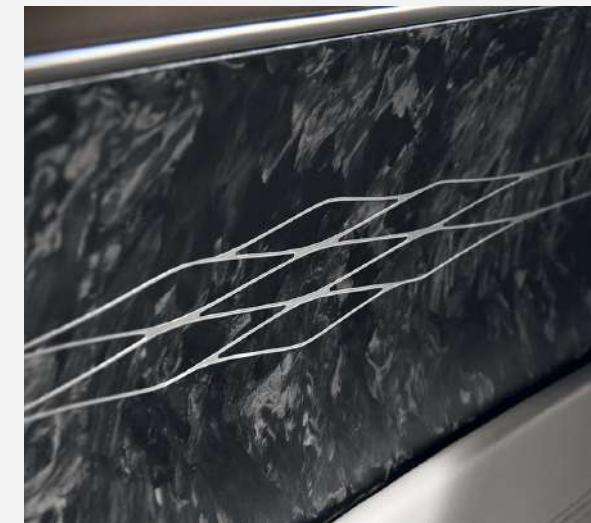

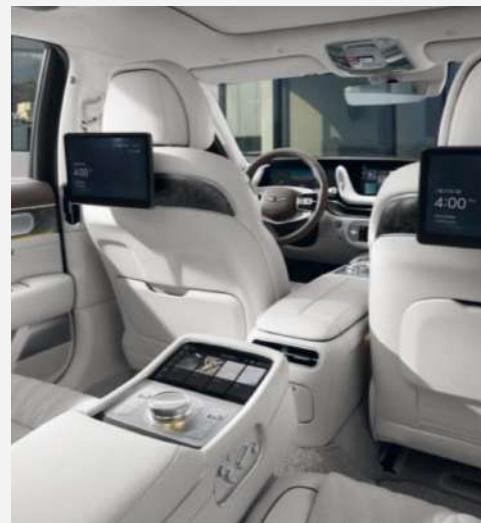

Founded in Seoul, we set out to rewrite the experience of buying and owning a premium car. At the heart of this is the very Korean idea that you are more than our customer: You are our son-nim (손님), our cherished guest.

### WELCOME TO GENESIS

We understand your time is precious, so we have refined every last detail to make owning a Genesis as simple as possible. We believe simplicity is the ultimate sophistication.

WHY THE GENESIS G90?

## WHY THE GENESIS G90?

### A BOLD STATEMENT

It is a bold statement for Genesis to introduce the Genesis G90 to Europe, the very home of the large luxury sedan. However, for those who choose to look beyond the ordinary, they will find the G90 extraordinary. It is an emphatic demonstration of our ambition to succeed here. In choosing a G90, you will want for nothing. You don't want to spend time discussing specifications, so every possible factory-fitted option comes as standard. We have made it very simple to choose our flagship car: You have it all.

### THE ULTIMATE GENESIS EXPERIENCE

The ultimate expression of quality and capability, the Genesis G90 will be exclusively available from our Studios. At Genesis, we take great pride in delivering excellent service, and G90 customers will receive our personal attention.

EXTERIOR DESIGN

## EXTERIOR DESIGN

# ATHLETIC ELEGANCE DEFINED

The Genesis G90 is the pinnacle of our range. It is the most elegant interpretation of our “Athletic Elegance” design philosophy. The styling is timeless, presenting an effortless grandeur.

### CREST GRILLE AND QUAD-MLA HEADLAMP

The Crest Grille and Quad-MLA headlamps combine to form the Genesis wing emblem. To create this clean and elegant front, our thinnest lights combine with our largest clamshell bonnet with barely a gap.

### CLAMSHELL BONNET

The clamshell bonnet gives a sleek impression by using a single panel that combines the hood and fenders in order to eliminate panel gaps. Elegant yet voluptuous wheel designs add to the luxurious image of the Genesis G90.

### NEW SLIM LOGO

The emblem embodies Genesis' design philosophy. Decorated with the Guilloché pattern<sup>1</sup>, the thickness of the emblem has been reduced by nearly 80 percent on the Genesis G90 for a more sleek appearance.

<sup>1</sup>This kind of finishing is typical for high end luxury watches.

The technical features and trims of the described or depicted vehicles throughout this brochure and our website are examples only. They may not be standard or available for all wheelbase types, may vary in specific countries, and are subject to change at any time.

INTERIOR DESIGN

## INTERIOR DESIGN

# OUTSTANDING ON THE INSIDE

The cabin of the Genesis G90 is our purest example of The Beauty of White Space: the combination of craft, technology and design to create an immaculate, spacious and serene environment.

### PREMIUM MATERIALS AND CRAFTSMANSHIP

Immerse yourself in the epitome of quality and sophistication, where each detail is meticulously crafted to perfection. By selecting unique natural and recycled materials, the interior has a premium, luxurious ambience.

### CLASS-LEADING 2ND ROW ROOMINESS AND CONVENIENCE

The lounge-inspired interior gives ample accommodation for driver and passengers alike. The spacious rear has optimally designed seats and a leg rest for ultimate relaxation.

### SOPHISTICATED AND SIMPLE COCKPIT

The front interior features slim air vents that blend with wing-like shapes and a next-generation infotainment system, creating a high-tech look with integrated cluster and navigation on a panoramic display.

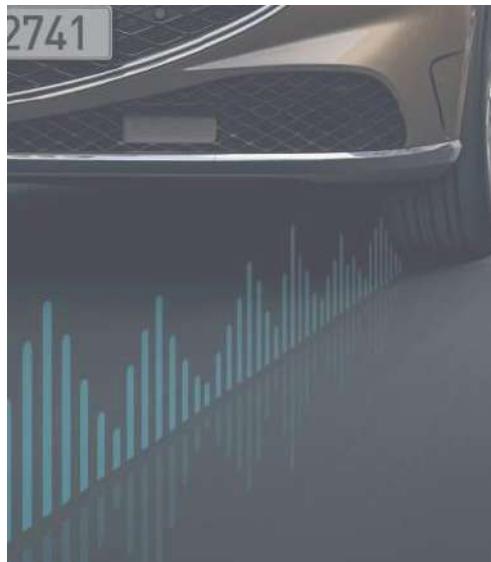

UNIQUE PRODUCT FEATURES

## UNIQUE PRODUCT FEATURES

# THE GENESIS G90 ESSENCE – TRAVEL FIRST CLASS

The Genesis G90 is the ultimate representation of Genesis and our luxury aspiration by offering a unique customer experience and the best in-car hospitality for those who prefer to be driven. Discover the four areas that bring a first-class experience to every journey.

### RIDE AND NOISE COMFORT

### PERSONAL WELL-BEING

### LUXURY MATERIALS AND CARE

### INFOTAINMENT AND TECHNOLOGY

## A HAVEN FOR PASSENGERS – RIDE AND NOISE COMFORT

The Genesis G90 offers you the most comfortable driving experience and best-in-class noise insulation. Every system has been fine-tuned to the needs of European customers by our engineering team.

### REAR-WHEEL STEERING (RWS)

### MULTI-CHAMBER AIR SUSPENSION

### ACTIVE ROAD NOISE CANCELING (RANC)

Rear-wheel steering makes driving easier and safer. By decreasing the turning circle, the Genesis G90 is surprisingly manoeuvrable at low speeds. Less manoeuvring will also make the ride more convenient for all passengers.

The multi-chamber air suspension adapts according to the road conditions. By altering the ride height and suspension stiffness, you will enjoy an unruffled ride, whatever the surface.

Enjoy an undisturbed journey with no unwanted cabin noise. When Active Road Noise Control detects any sound vibrations, the system soundlessly and almost instantly cancels them out.

The technical features and trims of the described or depicted vehicles throughout this brochure and our website are examples only. They may not be standard or available for all wheelbase types, may vary in specific countries, and are subject to change at any time.

## FIND INNER PEACE – PERSONAL WELL-BEING

The Genesis G90 offers a unique in-vehicle hospitality, putting comfort and wellbeing first. With first class seating and unique wellness features, you will reach your destination rested and revitalised.

### ERGO-MOTION SEATS (FRONT<sup>1</sup> AND REAR<sup>2</sup>)

### FOOTREST WITH MASSAGE<sup>2</sup>, HEATING AND COOLING

### MOOD CURATOR

### FRAGRANCE SYSTEM

The front and rear seats have a seat back with ten pockets and cushions with a two-cell structure for massaging. All seats are also certified by the German Back Health Association (Aktion Gesunder Rücken e.V.).

The rear seats provide a supremely comfortable posture thanks to the integrated foot and leg rest. The footrest is ventilated and heated and includes a massage function.

The Mood Curator creates the perfect sensory environment. Whether you want to boost your vitality, feel delight, take care or feel comfort, the Genesis G90 can help. It employs lighting, music and even scent to create the perfect ambience.

Each Genesis G90 is equipped with an active fragrance diffusing unit in the glove box. The different scents boost your comfort level and offer special memories while using the vehicle.

<sup>1</sup> 4 seater variant- only driver or 5 seater variant- Driver & front passenger

<sup>2</sup> Only available for 4 seater variant

## TOUCHES YOUR SENSES – LUXURY MATERIALS AND CARE

The Genesis G90 offers unique and luxurious materials, both natural and recycled. Additionally, there is protection for the interior materials as well as the belongings of its passengers.

NEWSPAPER UPCYCLING

Made from old newspapers that are processed in a unique process to recreate the pattern of natural wood by using and recycling paper.

SEMI-ANILINE LEATHER

For a much softer feel to the interior, on the long wheelbase, we use leather that has been partially pigmented. This semi-aniline leather lets you see and feel the natural texture of the grain much more than fully processed leather.

ANTI-MICROBIAL MATERIAL

To protect the artificial leather and car mats from degradation, they have been treated with a protective anti-microbial material.

UV-C LIGHT DISINFECTION

The rear seat console storage compartment has a UV-C light that kills 99,9 % of harmful bacteria. Disinfection takes ten minutes after placing items into the compartment.

# ENVELOPE YOURSELF IN SOUND – INFOTAINMENT AND TECHNOLOGY

Bang & Olufsen are the gold standard for in-car audio systems. They exclusively developed the Genesis G90's sound system. All occupants will appreciate the G90's class-leading technology and infotainment systems.

## BANG & OLUFSEN SOUND SYSTEM WITH VIRTUAL VENUE SOUND

Bang & Olufsen created an exclusive “Virtual Venue” sound for the Genesis G90, which mimics the acoustics of the Boston Music Hall. With 23 speakers, including in the headrest and roof lining, music never sounded so pure.

## REAR SEAT ENTERTAINMENT WITH TWO INDEPENDENT SCREENS

Enjoy first-class entertainment on the independent left and right 10.2" touchscreen monitors. With a Bluetooth headset, passengers can immerse themselves in their own entertainment.

## EASY CLOSE SYSTEM (ELECTRONIC AUTO DOOR CLOSING)

Close the doors with the simple press of the easily accessible button found in the centre console, second-row armrests and door trims in both rows.

## FINGERPRINT AUTHENTICATION

With just your fingerprint, the car recalls your individual preferences for seat position, phone contacts, navigation points and even speaker volume.

INNOVATIVE SAFETY

## INNOVATIVE SAFETY

# PROTECTING YOU AND YOUR PASSENGERS

Using cutting-edge driving technology and our driver assistance system, the Genesis G90 enhances the level of safety and convenience to protect driver and passengers from any potential risks, both in and out of the vehicle.

### NAVIGATION-BASED SMART CRUISE CONTROL (NSCC)

This system automatically slows down for speed limits or sharp bends, returning to the set speed afterwards. It aids safe driving by automatically adjusting the speed, even on complex highway junctions.

### FRONT CENTER SIDE AIRBAG

These airbags help to minimise injuries in side collisions, caused either by the driver and front passenger colliding with each other or with the cabin interior.

### REAR-CROSS TRAFFIC COLLISION-AVOIDANCE

When reversing, sensors alert the driver to potential hazards on both sides, automatically applying the brakes if necessary.

### FORWARD COLLISION-AVOIDANCE ASSIST (FCA)

The system identifies approaching vehicles, cyclists and pedestrians at intersections. It sounds warnings and then automatically applies the brakes to avoid potential collisions.

REFINED PERFORMANCE

## REFINED PERFORMANCE

# ENHANCED DRIVEABILITY WITH Refined PERFORMANCE

The perfect harmony of all the powertrain components results in a graceful and confident driving experience, even in the worst conditions. The Genesis G90's performance and handling characteristics have been fine-tuned for European drivers who prefer a more refined ride.

## 3,5T V6 E-SUPERCHARGER PETROL WITH 305 KW (415 PS)<sup>1</sup>

This state-of-the-art engine with twin turbo technology delivers limitless performance in all driving conditions. Responsiveness is further increased by fast torque build-up with the help of the innovative E-supercharger.

## ALL-WHEEL DRIVE

The Genesis G90 has permanent all-wheel drive as standard. For confidence-inspiring grip, the 549 Nm of torque is optimised between all four wheels.

## 8-SPEED AUTOMATIC TRANSMISSION

The shift-by-wire dial wheel offers a smooth transition of gears and is placed where the driver can easily take control. The drive control wheel also renders the Genesis' unique G-Matrix patterns into real glass, providing extra brightness and giving a delicate touch.

<sup>1</sup> Genesis G90 3.5T AWD 305.2 kW (415 PS) petrol, 8-speed gearbox - energy consumption combined 11 l/100 km; CO<sub>2</sub>-emissions combined: 248 g/km; CO<sub>2</sub>-class: G; (according to WLTP)\*

\*For more information on official fuel/power consumption and CO<sub>2</sub> emission data for new cars, please refer to the "Guide on the Fuel Economy, CO<sub>2</sub> Emissions and Power Consumption of All New Passenger Car Models Offered for Sale on the German Market" published free of charge by DAT Deutsche Automobil Treuhand GmbH, Hellmuth-Hirth-Straße 1, D-73760 Ostfildern, Germany, [www.dat.de/co2/](http://www.dat.de/co2/). The consumption and emission values shown on the Genesis website are based on the Worldwide Harmonised Light Vehicles Test Procedure (WLTP). Further information on the WLTP measurement procedures can be found at <https://www.genesis.com/de/en/wltp.html>.

GENESIS 5 YEAR CARE PLAN

## GENESIS 5 YEAR CARE PLAN

# PEACE OF MIND AS STANDARD

### TRANSFORMING CAR OWNERSHIP: THE 5 YEAR CARE PLAN

The Genesis 5 Year Care Plan<sup>1</sup> is designed to make your driving experience hassle-free with the seamless delivery of service. Including five years of warranty<sup>2</sup> and roadside assistance<sup>3</sup>.

### WE COME TO YOU: OUR SERVICE PROMISE

Included in your Genesis Care Plan, we offer scheduled servicing for five years or 75.000 kilometres.

### ALWAYS ON: GENESIS CONNECTED SERVICES AND OTA UPDATES

The Genesis Connected Services app connects your smartphone with the car. To keep you on the right track, your Care Plan also includes over-the-air (OTA) updates to your in-car navigational maps.

<sup>1</sup> 5 Year Care Plan T&Cs apply – for more information visit: [https://www.genesis.com/de/documents/legal/terms-conditions\\_genesis\\_care\\_plan\\_de\\_en.pdf](https://www.genesis.com/de/documents/legal/terms-conditions_genesis_care_plan_de_en.pdf)

<sup>2</sup> Genesis Warranty T&Cs apply – for more information visit: [https://www.genesis.com/de/documents/legal/terms-conditions\\_warranty\\_genesis\\_de\\_en.pdf](https://www.genesis.com/de/documents/legal/terms-conditions_warranty_genesis_de_en.pdf)

<sup>3</sup> Genesis Roadside Assistance T&Cs apply – for more information visit: [https://www.genesis.com/de/documents/legal/terms-conditions\\_roadside-assistance\\_genesis\\_de\\_en.pdf](https://www.genesis.com/de/documents/legal/terms-conditions_roadside-assistance_genesis_de_en.pdf)

## PEACE OF MIND AS STANDARD

### ALWAYS FRESH: INTERIOR OZONE CLEANING

Once a year, we will refresh the interior of your car with an ozone cleaning to remove unpleasant smells and make your car feel brand new again.

### KEEP IT SMOOTH: LEATHER CARE

With our special annual leather care service, your seats will stay smooth and retain their exceptional quality throughout their lifetime.

### SHINE BRIGHT: PROFESSIONAL WHEEL CLEANING

With every wheel change (summer/winter), we have your alloy wheels professionally cleaned so that they shine like they did on the first day.
