

GENESIS GV70

THE LIFESTYLE FROM GENESIS GV70

GENESIS has always looked to you for answers.

We delved deeply to see what kind of experiences you seek and what types of technologies and designs have improved your life. Countless innovation have been made to compliment your driving style, safety, and convenience.

The journey continues with GENESIS GV70, an urban premium SUV that encompasses all the exclusive qualities of GENESIS's past creations while opening up a new horizon for premium vehicles.

GENESIS GV70 presents an exterior design that maximizes the athletic elegance of GENESIS, along with dynamic driving capabilities, an interior that enhances Korea's own 'Beauty of White Space' and state-of-the-art technology for connected cars.

No matter your lifestyle, GENESIS GV70 will fit in perfectly.

Barossa burgundy (gasoline 3.5 turbo / AWD / 21" Michelin tires & dark sputtering wheels / panorama sunroof / full package)

Barossa burgundy (gasoline 3.5 turbo / AWD / 21" Michelin tires & dark sputtering wheels / panorama sunroof / full package)

DYNAMIC DESIGN

The distinct GENESIS design philosophy ‘Athletic Elegance’ is beautifully crafted in the GENESIS GV70. From the athletic yet sophisticated exterior to the simple yet sensual interior, the GENESIS GV70’s unique character will reinvigorate inspiration in your daily life.

Mauna red (gasoline 3.5 turbo / AWD / sport package / 21" Michelin tires & dark sputtering wheels / panorama sunroof / full package)

Barossa burgundy (gasoline 3.5 turbo / AWD / 21" Michelin tires & dark sputtering wheels / panorama sunroof / full package)

GENESIS GV70

The iconic crest grille, inspired by the GENESIS logo, has been set lower than the quad lamps to emphasize the vehicle's athletic and challenging nature.

The parabolic line, which begins above the quad lamps and runs elegantly along the side of the SUV, creates a dramatic contrast with the muscular rear fenders. The sleek coupe-like roofline, along with the C-pillar's flowing chrome line, accentuates GENESIS GV70's sporty character. G-Matrix patterns applied to the bumper and vertically-shaped mufflers also amplify GENESIS GV70's dynamism.

Slate gray/velvet burgundy two-tone (velvet burgundy seats, slate gray door upper trim/signature design selection II / full package)

GENESIS GV70's driver-oriented interior applies a uniquely-Korean concept, the "Beauty of White Space," which offers maximum comfort and convenience. Interior details were inspired by the aerodynamic curves of an airplane wing, revealing voluminous shapes derived from elliptical elements, while new-concept ambient lights add an elevated sense of elegance. A thin chrome line crosses the GENESIS GV70's slim air vents, extending to the doors on both sides to create a cozy and embracing atmosphere.

Control buttons were minimized on the center console while the new dial-type Shift By Wire (SBW), resembling a meticulously refined jewel, displays a delicate balance of simplicity and sophistication.

Mauna red (gasoline 3.5 turbo / AWD / sport package / 21" Michelin tires & dark sputtering wheels / panorama sunroof / full package)

GENESIS GV70 SPORT

The GENESIS GV70 SPORT Model offers another level of athleticism to further enhance GENESIS GV70's emotion. The excitement of performance driving starts with the Sport model's exclusively-designed front bumper and 21-inch, G-Matrix patterned wheels. Stylish dark chrome beltline moldings and door handles, black-coated garnishes, and a large diameter exhaust add to the pronounced dynamic expression.

One glance at the GENESIS GV70 Sport's driver's seat is all it takes to sense the presence of a performance car. Interior colors exclusive to the Sport Package are available in Black, Sevilla Red and Ultramarine blue, along with distinctive interior details such as quilted seats and differentiated materials that confidently express the driver's preferences. The 3-spoke steering wheel offers not only visual aesthetics, but a thrilling touch to the fingers.

Obsidian black/sevilla red two-tone (sport package / sevilla red seats, obsidian black door upper trim / sport signature design selection II / full package)

DYNAMIC PERFORMANCE

GENESIS GV70's powerful engine and suspension are matched with a new platform optimized for rear-wheel drive SUVs, providing a dynamic and balanced driving experience. The comfortable and graceful driving emotion exclusive to GENESIS remains intact in GENESIS GV70.

2.5 turbo gasoline engine					
304	Maximum output PS/5,800rpm	43.0	Maximum torque kgf.m/1,650~4,000rpm	10.7	Combined fuel economy km/ℓ(2WD, 18")
2.2 diesel engine					
202	Maximum output PS/3,800rpm	45.0	Maximum torque kgf.m/1,750~2,750rpm	13.6	Combined fuel economy km/ℓ(2WD, 18")
3.5 turbo gasoline engine					
380	Maximum output PS/5,800rpm	54.0	Maximum torque kgf.m/1,300~4,500rpm	8.6	Combined fuel economy km/ℓ(AWD, 19")

Mauna red (gasoline 3.5 turbo / AWD / sport package / 21" Michelin tires & dark sputtering wheels / panorama sunroof / full package)

GENESIS GV70 DELIVERS CONSISTENTLY STABLE AND PRECISE DRIVING PERFORMANCE UNDER CONSTANTLY-CHANGING DRIVING AND ROAD CONDITIONS.

01. **AWD system** _ This function automatically senses slippery or unstable driving conditions that even the driver may not detect and proactively balances power between the front and rear wheels to ensure stability at all times.

Electronic Limited Slip Differential (e-LSD) _ This system appropriately distributes power to the left and right wheels according to the road surface and driving conditions to ensure stable driving. If one wheel spins out due to a sudden/ high-speed turn or a ride across rough terrain, the e-LSD helps to overcome the situation by concentrating power on the other wheel.

※ Available with Sport Package.

02. **Terrain mode** _ This feature offers three modes: snow, sand, and mud. Each mode assists stable driving by comprehensively controlling the engine, brakes, transmission, and driving power to pass snowy, sandy, and muddy roads. The status of the mode can be checked via the cluster and infotainment system.

03. **Electronically controlled suspension with road preview** _ Based on the road surface information recognized by the front camera and the navigation map information, the damping force of the suspension is automatically adjusted to control the movement of the vehicle. It provides a smooth and comfortable ride by recognizing and responding to situations that may have an impact on the vehicle, such as speed bumps.

05. **New body platform** _ A platform optimized for urban premium SUVs and a new suspension maximize driving performance, while lightweight materials and reinforcement of the SUV-exclusive body structure increase body rigidity. Class-leading safety is achieved by an aluminum hood and tailgate and by increasing the average tensile strength of the body. Increased hot-stamped steel plates for the passenger compartment ensure top safety.

GENESIS GV70 CAREFULLY REFINES THE SOUND, FEEL, AND SAFETY OF THE VEHICLE TO MAXIMIZE THE PURE ENJOYMENT OF DRIVING.

01. **Active sound design** _ By mixing the sound of the engine and the Active Engine Sound from the audio, this feature creates sporty accelerating sounds that synchronize with the actual sound of the engine to produce a more dynamic and vibrant audio experience. It is also seamlessly connects to the vehicle's driving performance to produce differentiated tones based on the nature of the vehicle's acceleration, transmission, and suspension.

02. **Head-Up Display (HUD)** _ Vehicle information, including driving speed, GPS information, and advanced driver-assisting information, is projected on the front windshield through a wide, 12" high-definition display with optimized brightness for both day and night.

03. **8-speed automatic transmission & Shift-by-Wire (SBW)** _ Delivering excellent responsiveness, GV70's 8-speed transmission provides great acceleration from a standstill and optimal fuel economy. The new dial-type Shift By Wire (SBW), made with real tempered glass, offers a firm touch with its flat springs and rolling structure. Ambient lights reveal the beauty of the dial's delicate woven patterns.

04. **Drive mode control system** _ Drivers can choose from Eco, Comfort, Custom, Sport, and Sport+ drive modes, depending on driver preferences and road conditions. Each mode delivers optimal driving performance befitting an urban premium SUV: Eco for fuel efficiency, Comfort for smooth driving, Sport and Sport+ for performance and responsiveness.

05. **8-airbag system** _ In case of a side impact, a center side airbag between the front occupants mitigates impact with each other or with interior materials. Advanced airbags in the driver and front passenger seats deploy after sensing the severity of the impact and the presence of other passengers, while driver's knee airbags, front side-curtain, and rollover-activated side-curtain airbags protect passengers against collisions.

INTELLIGENT TOUCH

Imagination meets technology, bringing ultimate convenience to your fingertips. GENESIS GV70 presents state-of-the-art technology that changes the concept of automobiles, creating a new in-vehicle environment optimized for each user. Its simple and intuitive operating environment is always one step ahead of the driver's expectations, delivering a new dimension of satisfaction.

Fingerprint authentication system _ Once your fingerprints are registered through the infotainment system, you can easily open the doors and start the engine without a key via the Genesis Connected Services. Using fingerprint authentication, you can conveniently set up your customized profile, safely deactivate valet mode, or make digital payments through GENESIS CarPay.

Obsidian black/vanilla beige two-tone (vanilla beige seats, obsidian black door upper trim / signature design selection II / full package)

DELICATE TECHNOLOGY THAT CAPTURES THE DRIVER’S NEEDS AND EMOTIONS
TO INTUITIVELY DELIVER CONVENIENCE WHEN IT’S NEEDED MOST.

01.

14.5" infotainment system _ The high-definition widescreen can split to display different information, while the server-based natural speech recognition feature allows you to easily control the air conditioner, windows, sunroof, tailgate, and heated/ventilated seats. You can enjoy music streaming services without any cable or Bluetooth connection to your smartphone, while the latest maps and various software are automatically updated wirelessly.

GENESIS CarPay _ This is an easy-to-use payment app that lets you pay for refueling and parking at affiliated businesses with a simple tap on the wide display screen inside your car. By registering your fingerprints in your vehicle, you can pay more conveniently via fingerprint authentication instead of using a password.

※ The number of affiliated stores continues to grow. Check the latest list via the vehicle's navigation system or on the GENESIS CarPay app.

- A. Voice recognition controls
- B. Wireless update of navigation system
- C. Music streaming service

※ Genie / Melon vouchers and mobile data plans must be purchased separately.

02.

GENESIS touch controller _ This allows quick and easy control of the infotainment system without the hassle of repeated taps on the screen or complicated keyboard inputs. With the handwriting recognition function, you can easily search for destinations and contacts instead of typing on the keypad.

03.

12.3" 3D cluster _ The cluster's large, high-definition TFT LCD screen displays differentiated designs and content depending on the drive mode. The cluster recognizes the driver's eye movements with its built-in cameras and offers a vivid 3D screen that can be seen from every angle, without the need for special glasses.

04.

Surround View Monitor (SVM) system _ Cameras mounted on the vehicle show diverse images of the vehicle's surroundings, including 3D, 360-degree images from any point of your vehicle, to assist with parking. The same view is accessible from a remote location through a smartphone app.

FEEL THE WARM EMBRACE OF GENESIS GV70'S COMFORTABLE SEATS AND CLEAN AIR
FROM THE MOMENT YOU OPEN THE DOOR TO THE MOMENT YOU SAFELY CLOSE IT BEHIND YOU.

01

02

03

04

05

06

01.

GENESIS digital key _ You can lock/unlock your vehicle by simply touching the door handle with a smartphone installed with the GENESIS digital key app, as well as start the car by placing your smartphone on the wireless charging pad. The app lets you share your digital key with family and friends, while locking/unlocking doors, starting the car, and sounding the alarm from a remote distance of approximately 10 meters.

02. 03.

Air purification system _ A fine dust sensor, engine room pre-filter, micro air filter, antibacterial zinc filter, and a high-performing combination filter work meticulously to maintain the best indoor air quality.

After-blow _ This dries any remaining condensate in the air conditioner after being turned off, preventing mold growth and reducing odor.

04.

ERGO motion driver seats _ Find the perfect seating position with a driver's seat that can move in 18 directions and adjustable air cells that slide up and down. The stretch mode controls each air cell individually for customized comfort. It also provides enhanced side and cushion support in connection with the driving mode or vehicle speed.

AGR (Aktion Gesunder Rücken e.V., Germany) Certification _ Campaign for Healthier Backs, or Aktion Gesunder Rücken e.V., bestows its international seal of approval to outstanding back-friendly products, such as car seats, after rigorous evaluation by its panel of orthopedic surgeons on how the seats can be adjusted to prevent discomfort and the impact of seat structures on back posture.

05.

Rear seats (ventilated/heated, 6:4 folding) _ The expanded heating wires on the seating surface for the hips, back, and the bolster provide a warm and comfortable ride for rear-seat passengers, while the dual blower type seat ventilation allows for a comfortable ride in warmer weather. The rear seats can easily be folded to create an ideal space for any situation.

06.

Advanced rear occupant alert (radar-based) _ This prevents accidents involving children left in the rear seats or pets left in the luggage zone. If the rear door or tailgate was previously opened and the driver opens the door to exit the vehicle, the driver is alerted with a warning sound and a cluster pop-up. If the driver is not aware of it and locks the car door, the radar sensor mounted on the rear seat roof detects movement and provides a second notification via horn, emergency light, and a text message.

※ The GENESIS digital key app is compatible with Android smartphones equipped with the following: Android operating system version 7.0 (Nougat, released Aug. 22, 2016) or newer, and Bluetooth (BLE) 4.2 or newer. The app's services are limited on iPhones as Apple Inc.'s policy does not support NFC. The app is anticipated to be available via iPhones when Apple changes its corporate policy (the NFC card key feature is currently accessible).

INTELLIGENT CONTROL

Watch GENESIS GV70's advanced connected car features unfold in front of your eyes. State-of-the-art driving assistance systems work with the vehicle at every moment to proactively recognize and intelligently prevent potential risk factors ahead, reaffirming that safety remains at the core of future automobile technology.

Augmented reality navigation _ This provides intuitive road information by overlaying digital road guidance over the actual road image. It also provides detailed information linked to the advanced driver-assist systems, such as the destination, smart cruise information, and an alarm to alert you when the vehicle in front of you moves forward.

Mauna red (gasoline 3.5 turbo / AWD / sport package / 21" Michelin tires & dark sputtering wheels / panorama sunroof / full package)

GENESIS HAS PAID METICULOUS CARE TO ELIMINATE EVEN THE SMALLEST RISK FACTOR BETWEEN THE DRIVER, VEHICLE, AND PEDESTRIAN, STRENGTHENING TWO ESSENTIAL ELEMENTS: SAFETY AND CONVENIENCE.

01.
Forward Collision-Avoidance Assist (FCA) system _
When a collision risk with a vehicle/pedestrian/bicycle ahead is detected, this system warns the driver and, if necessary, controls the brake to help avoid a collision. When there is a collision risk with vehicles approaching from left/right sides of an intersection, it automatically assists in braking. It also assists in steering if there is a collision risk when changing lanes.

02.
Blind-Spot Collision-Avoidance Assist (BCA) system _
If a risk of collision with a vehicle at the rear is detected while changing lanes, it warns and assists braking if necessary to avoid a collision risk. It also detects the risk of collision with vehicles approaching from the rear side when leaving a parallel-parked position and automatically assists in braking.

03.
Blind-Spot View Monitor (BVM) system _ When the turn signals are activated while changing or entering a lane, a video image wider than what can be seen on the side mirrors appears on the center cluster to help safe driving.

04.
Lane Keeping Assist (LKA) system _ This alerts the driver if the vehicle leaves its lane while driving over a certain speed and without activating the turn signals. It may also apply steering wheel control if a lane departure is detected.

Lane Following Assist (LFA) system _ This feature helps to keep the vehicle centered in its lane.

05. 06.
Forward Attention Warning (FAW) _ If the vehicle detects that the driver is not looking ahead, it alerts the driver.

Reverse guiding lamps _ When in reverse, these LED lights are angled to illuminate the ground behind the vehicle, allowing pedestrians and other vehicles to easily notice that the vehicle is reversing.

07.
Intelligent Front-Lighting System (IFS) _ This leaves the high beam lights on at all times to maximize the driver's visibility, while automatically deactivating part of the lights when it detects an oncoming vehicle or a vehicle ahead to prevent glare for drivers of other vehicles. It supports safer driving at night as the high beam lights don't have to be adjusted manually.

ADVANCED DRIVER-ASSIST FEATURES ARE INTEGRATED INTO EVERY ASPECT OF THE VEHICLE, IDENTIFYING ALL POTENTIAL HAZARDS AND INTELLIGENTLY AVOIDING THEM.

01. Highway Driving Assist 2 (HDA) system (includes lane changing assist) _ While on the highway, this helps the vehicle maintain a safe distance from the vehicle in front and also to stay centered in its lane at a set speed even in turns. If the driver has his/her hands on the steering wheel and uses the turn signal while driving over a certain speed, HDA 2 will automatically assist in the lane maneuver.

02. Navigation-based Smart Cruise Control (NSCC) system _ This feature slows the vehicle to an appropriate speed when approaching low-speed zones, curved sections, or entrance/ exits on the highway based on the information provided by the GPS navigation. It returns to its pre-set speed after passing these sections.

Smart Cruise Control (SCC) system _ Sensors automatically maintain a speed set by the driver while keeping a safe distance from cars in front, automatically stopping if the car ahead stops. The vehicle will automatically restart as long as the car in front departs within 3 seconds. SCC can reflect the driver's driving patterns (distance kept from the car ahead, acceleration levels, responsiveness) if the driver activates the function.

03. Reverse Parking Collision-Avoidance Assist (PCA) system _ This alerts the driver if a collision risk is detected while reversing. If the risk increases even after the warning, it automatically brings the vehicle to a stop.

04. 05. Safe Exit Assist (SEA) system _ Before passengers exit the vehicle detects vehicles approaching from the rear and activates the rear-door child locks. It sends a warning if passengers try to open any of the doors.

Rear Cross-Traffic Collision-Avoidance Assist (RCCA) system _ When in reverse, this alerts the driver if there are vehicles approaching from either side and assists in braking if there is a collision risk.

06. Remote Smart Parking Assist (RSPA) system _ This feature helps to find a parking space, and then automatically controls the steering wheel, speed, and gears to conveniently assist in entering/exiting the parking space. This feature can also be activated remotely via buttons on the smart key to move the vehicle forward, backward, or to park in reverse.

FEATURES

18" real steel gray wheels

19" dark hyper silver wheels

21" dark sputtering wheels

MEMBERSHIP

MOBILITY CARE

5 year, 100,000 km warranty

- General and body parts, as well as engine/powertrain components

※ During the duration of the warranty period or mileage, whichever comes first.

3 year, 60,000 km free replacement of key consumables

- Engine oil set (3.5T and 2.5T: 6 times; 2.2D: 3 times), air conditioner filters (3 times), front brake pads (1 time), wiper blades (2 times), brake fluid (1 time), Home-to-home service (3.5T and 2.5T: 6 times; 2.2D: 3 times)

※ Frequency is in accordance to manufacturers' guidelines and may differ between vehicle models.
※ During the duration of the warranty period or mileage, whichever comes first.

3 year, wearable parts replacement notification (IT-based total vehicle management)

- Diagnosis of the vehicle's condition and mileage → Telephone or SMS notice when repairs or maintenance is needed → Vehicle inspection and repair service

Genesis Butler Service

- Eligibility: Genesis owners (for company cars, service is provided to one registered user).
- Offers personalized consulting channel via an assigned Genesis service manager (9 a.m~18 p.m, Weekdays)
- Vehicle maintenance services, such as wearable parts replacement alerts, error code warnings, and advance/basic inspections.

※ Inquiries: Call the Genesis customer center at 080-700-6000 or visit the website.

Genesis Autocare Service

- Eligibility: Available to GENESIS customers that have mobility care Home-to-home services and engine oil exchange services remaining
- Free visit, vehicle inspection, and replacement of engine oil and consumables at the customer's desired time and location.

※ Inquiries: Call the Genesis customer center at 080-700-6000 or visit the website.

Genesis Connected Services

- Complimentary, 5-year subscription to remote control, safety & security, maintenance, navigation and wireless update services upon initial enrollment after purchase.

※ Complimentary services include Automatic Collision Notification, SOS Emergency Dispatch, real-time traffic information and free Monthly Reports for 10 years.
※ Inquiries: KakaoTalk Genesis Connected Services Customer Center (enter "제네시스 커넥티드 서비스" in the KakaoTalk search window and add as a friend)

Quick and convenient vehicle maintenance through Genesis Connected Services and Home-to-Home service

- **24/7 service companion**
Vehicle diagnosis through Genesis Connected Services and counseling through MMS and website (service appointment suggestion when care is needed).
- **Preemptive maintenance**
Notification and scheduling of regular maintenance and parts replacement through Genesis Connected Services based on the vehicle's mileage.

※ Warranty services and free replacement of disposable parts are provided to both the original and subsequent owners (remaining service coverage will be transferred).

GENESIS CONNECTED SERVICES GENESIS BODY CARE SERVICES

Experience the unique value of Genesis Connected Services. Drive safely and comfortably 24 hours a day, 365 days a year with advanced, connected car services.

Remote control

Check the status and control certain car functions anytime, anywhere using your smartphone.

Safety & security

Emergency assistance in case of accidents and emergencies.

Maintenance

Keep your car safe at all times by upgrading the navigation system wirelessly for free or receive assistance remotely regarding the maintenance and regular servicing of your car.

Navigation

Discover a new driving experience by getting accurate, realtime traffic information and by setting destinations quickly and easily by voice.

Music streaming

Stream music in the car without a mobile phone connection.
※ Requires a data plan subscription

Wireless update

Quickly updates navigation maps and software automatically wirelessly.

Alleviates concerns about unexpected repair costs and car insurance premium increases resulting from damage to the vehicle's exterior after purchase.

Eligibility: Individuals and private businesses that purchase a new GENESIS GV70 directly from an authorized dealer (excludes vehicles used for rental, lease, and business operations).
Application deadline: Before delivery — Apply through the dealer's office; After delivery — Apply through the Genesis Boutique within 30 days, including the day of delivery.
Repair locations: Authorized service network (service centers operated directly by the company or by bluehands)

Program	Points Requirement	Non-reimbursable cost	Coverage & Limits	Coverage Period from the Time of Enrollment	Frequency Limits
Smart I	150,000	-	Body (Top/Bottom/Sides): Up to ₩1,200,000	1 year or 20,000 km, whichever comes first	Within the coverage period: - Body: Up to 2 times (1 time only per area)
Smart II	130,000	100,000	Body (Top/Bottom/Sides): Up to ₩1,200,000	1 year or 20,000 km, whichever comes first	Within the coverage period: - Body: Up to 2 times (1 time only per area)
Standard	175,000	100,000 (One-time limit/ vehicle damages only)	Body (Top/Bottom/Sides): Up to ₩1,600,000 Windshield: Up to ₩1,000,000 Tires: Up to ₩400,000	1 year or 20,000 km, whichever comes first	Within the coverage period: - Body: Up to 3 times (1 time only per area) - Windshield: 1 time - Tire: 1 tire, 1 time only
Premium	210,000	100,000 (One-time limit/ vehicle damages only)	Body (Top/Bottom/Sides, includes wheels): Up to ₩1,600,000 Windshield: Up to ₩1,000,000 Tires: Up to ₩400,000 Lamps/Keys: Actual replacement cost	1 year or 20,000 km, whichever comes first	Within the coverage period: - Body (includes wheels): Up to 3 times (1 time only per area) - Windshield: 1 time - Tire: 1 tire, 1 time only - Lamps: 1 lamp, 1 time only - Keys: 1 key, 1 time only (excludes the card key)

Genesis Connected Services Customer Service: 1899-5100

※ Area of vehicle covered: Top (hood, trunk lid, tailgate) / Bottom (front/rear bumpers) / Side (front/rear fenders, front/rear doors)

Maintain constant speeds for driving efficiency. | Fuel efficiency figures are for standard mode. Actual figures may vary depending on factors such as road conditions, driving patterns, vehicle load, ambient temperature, and maintenance status. | Vehicles portrayed in this publication may have optional features and differ from actual vehicles purchased. | Options, colors, and specifications shown in this publication may change to improve the appearance and performance of the vehicle. | For detailed information and notes on the specifications, please refer to the user's manual. | Engine performance figures are net values. Net values are based on a new measuring system legally imposed by the Korean Ministry of Transportation since 1997 that takes into account the resistance of exhaust gases, which may lead to a slight decrease from conventional gross output figures. | Leather seats make partial use of artificial leather. | The vehicle colors printed in this brochure may differ from the actual colors. | GENESIS is sold exclusively through regional branches, official distributors, and certified car masters to ensure reliable product quality and pricing nationwide. | Use of engine oil or fuel that is of low quality may result in damage to the vehicle. | For more information on new technology and new specifications presented in this publication, please refer to the user's manual.

This publication shows top models and options to help customers' understanding.

Options apply differently according to the trim, package, power train, and exterior color selected. Please refer to the monthly price list for detailed specifications for each model.
