Porsche Accessories

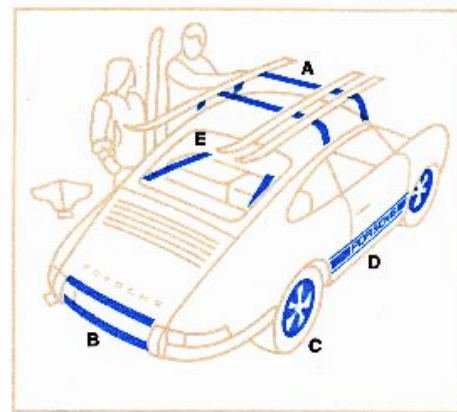

By virtue of being a Porsche owner you have set yourself apart. Your choice of sports car shows you to be discriminating and particular about the things that are yours.

With this selection of accessories we hope, not only to increase the utility of the car and the pleasure it gives you, but also to express the kind of taste that first led you to Porsche.

In this booklet we show the Porsche accessories in use.

In addition, there are line renditions keyed to brief descriptions; and following each accessory's description, a symbol of the model the accessory fits.

911 Coupes  ; Targa  ; 914 

(A) Roof Mounted Ski Rack

Chrome plated. Goes on and off in minutes, attaches securely to rain gutters and holds two pairs of skis. The 914 ski rack of stainless steel is quickly installed in existing mounting points. Holds two pairs of skis and is lockable. When ordering, be sure to specify whether rack is for Coupe, Targa or 914.   

(B) Bumper Guard Rails—Front and Rear

Heavy gauge steel tubing with custom finished chrome surfaces, protects coachwork, helps prevent bumper over-riding. Designed and fitted to compliment styling. Front bumper guard rail has built in mounts for license plate.  

(C) Mag Wheel

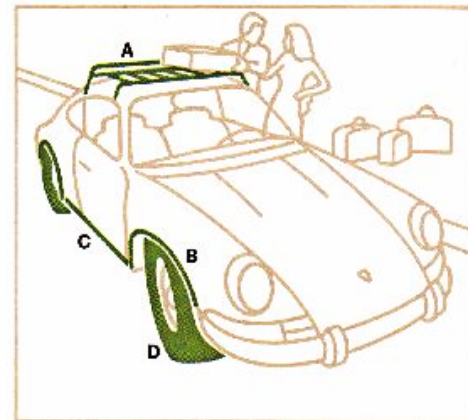

Lightweight 5 spoke wheels with Porsche Crest in relief. Decorative open wheel design and weight reduction mean better brake performance due to improved heat dissipation.  

(D) Racing Stripes

Underscores your pride of ownership with the flair and authority of a competition racer. High quality, colorful material withstands punishing weather. Available in white or black.  

(E) Rear Seat Luggage Straps

Top quality leather straps adjust to a wide range of luggage sizes. Keep your cargo securely battened down, even over the roughest roads. They fit through factory installed anchor loops.  

(A) Roof Mounted Luggage Rack

Lets you take lots of luggage without taking up space inside your Porsche. Fastens securely to rain gutters, goes on and off quickly and easily. Well made of heavy gauge steel tubing, chrome plated and welded for extra strength. 

(B) Aluminum Fender Strips

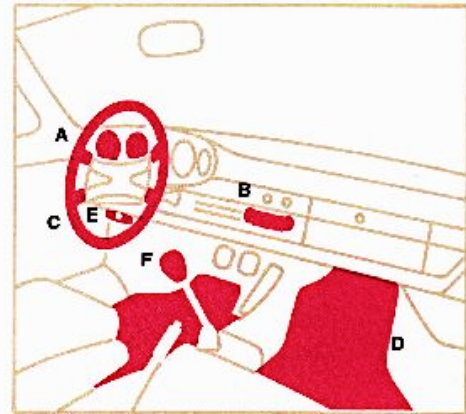

Precision fitted, high grade anodized aluminum edges protect fenders against nicks and scratches. Add a nice accent to the profile of your Porsche.  

(C) Chrome Rocker Panels

Mirror finished chrome panels extend from wheel to wheel, protect against corrosion and flying stones. Add a little extra dash as you flash by.  

(D) Radial Tires

Our tires are especially built to Porsche specifications and are available in a variety of types. Regular or mud and snow, with or without studs, as well as high performance radials designed for racing speeds. These tires are engineered to combine high mileage with exceptional roadhandling and stopping capabilities.   

(A) 911S Instruments

These gauges give you assurance your engine's lubrication system is functioning properly. Three gauges afford you accurate readings on oil pressure, temperature, and quantity. Standard on "E" and "S" models. 

(B) AM-FM Radio

Transistorized AM-FM receiver with push button tuning. Made expressly for Porsche. Solid state reliability and instant response. 

(C) Leather Covered Steering Wheel

Top grade black leather. Precision stitched over entire wheel circumference. The leather adds luxury, safety and comfort. Standard on "E" and "S" models. 

(D) Coco Floor Mats

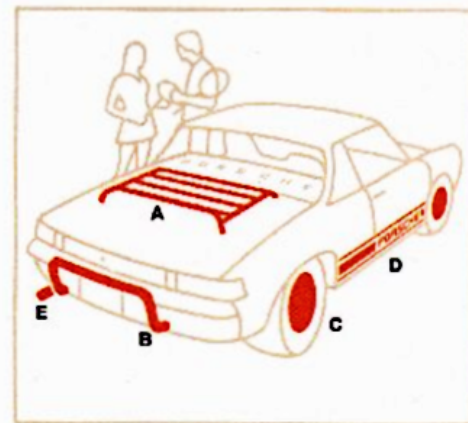

Made of top quality coco fibers, tailored to the contours of your car's interior. Very durable; easy to clean; available in a variety of color combinations. 

(E) Lockable Front Trunk Release

Heavy duty, chrome plated locking unit that replaces standard release knob. Protects contents of the front compartment. Standard on all Targa models. 

(F) Walnut Gearshift Knob

This elegant looking, solid walnut gearshift knob has an enameled inset with your choice of 4 speed or 5-speed shift pattern or the Porsche Crest. 

(A) Rear Deck Luggage Rack

Increase your carrying capability when you mount our handsome luggage rack on your Porsche's rear deck. The rack is chrome plated and reinforced with sturdy brackets. We suggest the addition of a right side view mirror (mandatory in some states) to improve rear visibility when your luggage rack is being used. 🚗

(B) Bumper Guard Rails—Front and Rear

Heavy gauge steel tubing with custom finished chrome surfaces, protects coachwork and helps prevent bumper over-riding. Designed and fitted to complement styling. 🚗

(C) Mag Wheels

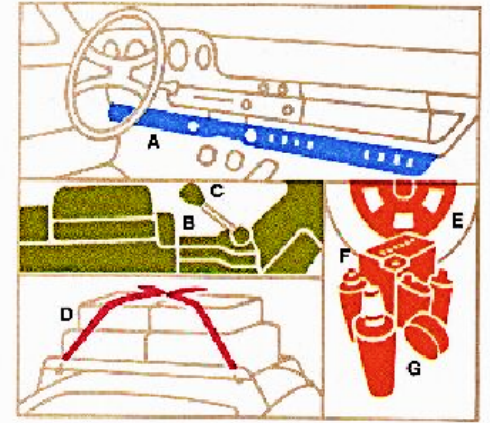

Made of lightweight cast magnesium alloy. These wheels come in 8 or 10 spoke sizes and are designed to enhance performance and beauty. Porsche 914-4 takes 8 spoke wheel, 914-6 takes 10 spoke wheel. Please specify when ordering. 🚗

(D) Racing Stripes

Racing stripes make your Porsche look like the competitor it is. There's a stripe kit for the side panels, 3 1/2" wide with the Porsche name. A second kit provides stripes 2 1/2" wide for the rear deck area. Each is made from high quality, colorfast material for long wear. Your choice of white or black. 🚗

(E) Tail Pipe Extension

This chrome plated accessory gives the exhaust pipe a bright look. Easily installed. 🚗

(A) Air Conditioner

An efficient cooling unit requiring relatively little power. Has quiet 3-speed blower; automatic temperature control; adjustable louvers permit unrestricted circulation. 🚗🚗🚗

(B) Center Console

Designed for your 914-4. Armrest swings up to reveal a handy compartment. Console also includes 2 electrical convenience switches and a mounting panel for extra accessory instruments. 🚗

(C) Vinyl Covered Gearshift Knob

This handsome black vinyl gearshift knob has an enameled inset with your choice of 4-speed or 5-speed shift pattern or the Porsche Crest. 🚗🚗🚗

(D) Luggage Spider

Extra rugged construction allows this spider to hold luggage or other cargo securely. Can be attached and released in seconds. 🚗🚗🚗

(E) Mag Type Wheel Covers

The look of mag wheels, at lower cost. They're aluminum painted, resistant to rust and corrosion. 🚗

(F) Batteries

Engineered to Porsche standards. Rugged case prevents leakage and corrosion. Designed to assure quick starts and lasting power. Specify 6 or 12 volts. 🚗🚗🚗

(G) Cleaners, Waxes and Polishes

A large assortment of cleaning and waxing products to fit every need. These easy-to-use, quality products will help preserve the life of your Porsche's finish. 🚗🚗🚗
