

2010 Crosstour

Less paper today means more blue skies for tomorrow.

At Honda, we have always considered it our responsibility to do our part to help preserve the global environment, for today and for generations to come. This is an environmental vision we call *Blue Skies for our Children* and with this vision in mind, we felt it was time to make a change for the greater good of the planet.

That's why Honda Automotive has decided to stop printing paper brochures and start encouraging people to visit honda.ca to experience an interactive approach to our cars and company. Yes, it will take some time getting used to, but we think the end result will be worth it for everyone and for the future we all share.

Introducing the best of two worlds.

It's showing up in style in the middle of a snow storm.

It's an exhilarating drive along country roads and stopping at every yard sale along the way. It's power when you need it and fuel efficiency when you don't. It's luxury that says you've arrived and the versatility to send you on your way again. It's a sporty sedan and a sport utility. It's the best of both, and it's finally here: the all-new Accord Crosstour.

The journey and the destination. Go ahead. Take the road less travelled. The Crosstour's available Satellite-Linked Navigation System™ with bilingual Voice Recognition will keep you pointed in

the right direction. With available steering wheel-mounted controls and an available Bluetooth® wireless mobile phone interface, you'll enjoy the ride with your hands on the wheel and your eyes on the road.

Music to your ears comes in the form of a powerful 360-watt AM/FM/CD/MP3/WMA Premium audio system with 6-disc in-dash CD changer and 7 speakers. It's arresting audio performance with the added versatility of MP3/auxiliary and USB input jacks. And to make sure you're hearing only the notes you should be, the cabin is equipped with Active Noise Cancellation, which detects undesirable engine and road noise and emits opposing frequencies to cancel it out.

Accord

THE BEST OF TWO WORLDS.

Crosstour

Absolute power delights absolutely.

Get up and go. Want power? How about a 3.5-litre, 24-valve, SOHC, i-VTEC® V-6 engine with 271 horsepower and 254 lb.-ft. of torque? That's the most powerful engine you'll find in any Honda, and more than enough pep to reignite your love of the open road. It's legendary Accord engine performance served up via an advanced 5-speed automatic transmission with Grade Logic Control.

To maximize fuel efficiency without compromising all that power, check out the Variable Cylinder Management™ (VCM™) system. When you want raw power, the system engages all six cylinders for a truly invigorating drive.

For more moderate highway or country road driving, the engine can operate on four. And when you're cruising in the city, the system can operate on three. It's the Crosstour at its versatile best: serious horsepower when you want it and greater fuel efficiency overall.

Size and agility. Open the rear tailgate and the Crosstour reveals its versatile nature – 728 litres of it to be exact. In its upright position, the rear cargo area has more than enough space for your golf gear and your groceries. Pull the discreet release levers and the 60/40 split rear seats fold flat to accommodate longer items. For even more handy storage, lift up the floor panel. That's where you'll find a removable water-resistant under-floor storage box. It's perfect for keeping your stuff on ice and out of sight – and then taking it with you when you're ready to go. To complete this picture of versatile utility, flip over the reversible floor panels. They're luxury carpet on one side and wipe-clean all-weather rubber on the other.

We're Here. At Honda, assistance and support are always available. The team of trained technicians at your Honda dealership will keep your vehicle in terrific shape. Honda accessories installed at the time your vehicle is purchased are covered under the 3-year/60,000-km limited warranty. If you need more information or assistance, call us at 1-888-9-HONDA-9. For all of the latest Honda information, including product specifications, pricing, photos and more, visit honda.ca. It has everything you need to “design” your Honda and personalize it with items from a list of quality accessories.

Quality Honda Accessories give you the opportunity to fine-tune your new Honda just how you like it. Whether you want to turn up the style, the versatility or the exclusivity, every accessory is designed and built to adhere to the strictest Honda standards. See your dealer for full details.

Genuine Honda Replacement Parts are made to the same exacting standards as original Honda components and are guaranteed by the Genuine Honda Parts Warranty.

Honda Financial Services. Whether you buy or lease a Honda, Honda Financial Services can assist you with the process. Ask your dealer which lease or purchase plan best suits your needs.

We're ready to help. When you purchase a new Honda, you automatically receive Honda Plus Roadside Assistance. This service is available to you, or anyone else driving your vehicle, 24 hours a day, 7 days a week, anywhere in Canada or the continental U.S. Coverage is for 3 years over an unlimited distance and includes towing, battery boosting and lockout assistance plus many other helpful services. Ask your dealer for more information.

Specifications, features, illustrations and equipment shown in this catalogue are based on the latest available information at the time of publication. Although descriptions are believed to be correct, accuracy cannot be guaranteed. Honda Canada Inc. reserves the right to make changes at any time, without notice or obligation, in colours, specifications, accessories, materials and models. Some vehicles are shown with optional equipment. Some vehicles shown are U.S. models. Canadian specifications may vary. Map Database of the Honda Satellite-Linked Navigation System covers major metropolitan areas in southern Canada and the 48 contiguous U.S. states.
