# Crosstour

2011

> THE BEST OF TWO WORLDS.

# Leading by example, on the road and off.

At Honda, we're committed to being a leader in innovative thinking, from the design of our vehicles to the way we work. That's the idea behind *Blue Skies for our Children*, our environmental vision, and it's something you can see in almost everything we do. Along with creating products that continue to excite and impress, we make every effort to minimize their impact on the planet. We believe a company that makes cars can also strive to preserve the environment wherever possible because we all want to ensure that the children of tomorrow enjoy the blue skies of today.

tomorrow

I want blue skies for everyone

# There's two ways about it.

It's showing up in style in the middle of a snowstorm. It's an exhilarating drive along country roads and stopping at every yard sale along the way. It's power when you need it and fuel efficiency when you don't. It's luxury that says you've arrived and the versatility to send you on your way again. It's a sporty sedan and a sport utility. It's the best of both. **It's the Accord Crosstour.**

THE BEST OF TWO WORLDS.

*Accord*  
Crosstour

# Make an understatement.

**Beauty and brawn.** How do you improve on a good thing? For starters, we took the robust and ready Accord platform and gave it a big boost of race-inspired attitude. Sculpted aerodynamic lines seem to propel the vehicle forward. Its sporty coupe-like stance and assertive front grille cast a stately profile. We lengthened the body to increase cargo capacity and widened its wheelbase to improve stability. We also raised the Accord's ride height for greater clearance and a more commanding view of the road overall. With its sky-grabbing power moonroof and large 18-inch alloy wheels, it's a striking statement piece that's the perfect marriage of form and function.

THE BEST OF TWO WORLDS.

*Accord*  
Crosstour

A high-angle, close-up photograph of the open rear tailgate of a silver Volvo Crosstour. The tailgate is open, revealing a large, dark-colored storage compartment with a central latch and handle. The interior of the car, including the rear seats and headrests, is visible in the background. The lighting is dramatic, highlighting the textures of the car's interior and the metallic finish of the tailgate.

# Don't sweat the big stuff.

**Size and agility.** Open the rear tailgate and the Crosstour reveals its versatile nature — 728 litres of it to be exact. In its upright position, the rear cargo area has more than enough space for your golf gear and your groceries. Pull the discreet release levers and the 60/40 split rear seats fold flat to accommodate longer items. For even more handy storage, lift up the floor panel. That's where you'll find a removable water-resistant under-floor storage box. It's perfect for keeping your stuff on ice and out of sight — and then taking it with you when you're ready to go. To complete this picture of versatile utility, flip over the reversible floor panels. They're luxury carpet on one side and wipe-clean all-weather rubber on the other.

- > 60/40 split fold-down rear seatback / Rear-seat centre armrest with locking pass-through / Removable water-resistant under-floor storage box

THE BEST OF TWO WORLDS.

**Accord**  
Crosstour

A silver Honda Accord is shown from the side, driving on a wet, winding road that curves through a hilly landscape. The background is blurred, suggesting motion. The sky is overcast with soft light.

# Absolute power delights absolutely.

**Get up and go.** Want power? How about a 3.5-litre, 24-valve, SOHC, i-VTEC® V-6 engine with 271 horsepower and 254 lb.-ft. of torque? That's the most powerful engine you'll find in any Honda, and more than enough pep to reignite your love of the open road. It's legendary Accord engine performance served up via an advanced 5-speed automatic transmission with Grade Logic Control.

To maximize fuel efficiency without compromising all that power, check out the Variable Cylinder Management® (VCM®) system. When you want raw power, the system engages all six cylinders for a truly invigorating drive. For more moderate highway or country road driving, the engine can operate on four. And when you're cruising in the city, the system can operate on three. It's the Crosstour at its versatile best: serious horsepower when you want it and greater fuel efficiency overall.

THE BEST OF TWO WORLDS.

**Accord**

**Crosstour**

A close-up, low-angle shot of the front of a dark-colored Honda Accord Crosstour. The car is positioned on the left side of the frame, with its headlights on, illuminating the wet pavement. The background is dark and rainy, with water droplets visible in the air. The overall mood is dramatic and emphasizes the car's all-weather capabilities.

# Pray for rain.

**Go anywhere and do anything.** Sedan performance meets all-weather, all-conditions handling. That's the idea behind the Crosstour's available Real Time 4WD<sup>®</sup> system. If the front wheels begin to slip due to inclement weather or suddenly changing road conditions, the system automatically and seamlessly engages to deliver stabilizing power and traction to the rear wheels. For added control – and the Accord's signature responsiveness – the Crosstour is equipped with an independent double-wishbone front and multi-link double-wishbone rear suspension.

THE BEST OF TWO WORLDS.

**Crosstour**

# At home on the road.

**The journey and the destination.** Go ahead. Take the road less travelled. The Crosstour's available Satellite-Linked Navigation System™ with bilingual Voice Recognition will keep you pointed in the right direction. With available steering wheel-mounted controls and a available Bluetooth® wireless mobile phone interface, you'll enjoy the ride with your hands on the wheel and your eyes on the road.

Music to your ears comes in the form of a powerful 360-watt AM/FM/CD/MP3/WMA Premium audio system with 6-disc in-dash CD changer and 7 speakers. It's arresting audio performance with the added versatility of MP3/auxiliary and USB input jacks. And to make sure you're hearing only the notes you should be, the cabin is equipped with Active Noise Cancellation (ANC), which detects undesirable engine and road noise and emits opposing frequencies to cancel it out.

- > Power moonroof with tilt feature / HandsFreeLink™-bilingual Bluetooth® wireless mobile phone interface / Available Honda Satellite-Linked Navigation System™ with bilingual Voice Recognition, rearview camera and steering wheel-mounted controls

THE BEST OF TWO WORLDS.

**Accord**  
Crosstour

# Your limo is here.

**Comfort and style.** If luxury is in the details, the Crosstour has considered every last one of them. The form-fitting heated leather-trimmed 8-way power adjustment driver's seat with power lumbar support, for example, is like a big hug for your back. Same goes for the heated front passenger's seat with 4-way power adjustment. For ample cabin storage, there's a handy centre console with storage compartment and roomy door pockets on each of the four doors. Ultimately, every carefully contoured inch of the Crosstour's cabin is designed to underscore the vehicle's confident drive. Want proof? Reach out and touch its leather-wrapped steering wheel. It's a very good thing.

> Driver's seat with 8-way power adjustment including power-adjustable lumbar support and memory system / Front passenger's seat with 4-way power adjustment / Illuminated steering wheel-mounted audio controls / Steering wheel-mounted cruise control

THE BEST OF TWO WORLDS.

Crosstour

# Protection Crosstour-style.

**Safety for Everyone** is Honda's commitment to providing one of the highest levels of standard safety features to help ensure occupant safety and protection.\* And through real-world research, Honda is also focusing on developing unequalled measures of protection to enhance the safety of occupants in other vehicles and even pedestrians – an innovative idea that is quickly becoming a reality.

**ACE™ Body Structure.** The highly innovative Advanced Compatibility Engineering™ (ACE) body structure disperses frontal impact energy, increasing occupant protection. Additionally, the ACE frame design allows for collision compatibility between vehicles of different weights and sizes.

**Vehicle Stability Assist (VSA®).** Vehicle Stability Assist with Traction Control senses and corrects oversteer and understeer scenarios to enhance handling and cornering stability, while Traction Control helps ensure grip during acceleration on loose or slippery surfaces.

**Pedestrian Safety.** Innovative pedestrian safety features include energy-absorbing hood and front fenders, and breakaway wiper pivots.

\*Based on tests conducted by the National Highway Traffic Safety Administration (NHTSA).

**Anti-lock Brakes.**

For safe stopping, the 4-wheel Anti-lock Braking System (ABS) helps you maintain control under hard braking conditions, while Electronic Brake Distribution (EBD) with Brake Assist optimizes braking power based on weight distribution inside the vehicle.

**Tire Pressure Monitoring System.**

For added safety and enhanced fuel efficiency, a Tire Pressure Monitoring System (TPMS) continually monitors the air pressure in each tire. If pressure drops in any tire, an alert appears on the driver's instrument panel.

**Head Restraints.**

Active front seat head restraints provide the driver and passenger with excellent neck protection in the event of a rear collision.

**Six Standard Airbags.**

Six airbags line the Accord Crosstour interior, including the revolutionary passenger-side Occupant Position Detection System (OPDS) airbag that will not deploy if the system detects a smaller-sized or out-of-position occupant. Plus, rear-seat Lower Anchors and Tethers for Children (LATCH) offer secure child-seat restraint.

# A future we share.

At Honda, our goal is to be a company that society wants to exist. And today we are proud to say our existence in Canada is healthier than ever. Whether you're in Nova Scotia, Quebec, Ontario, Alberta or British Columbia, Honda is there. In fact, more than 22,000 Canadians work for Honda, and to date more than 1.2 million Canadians have benefited from charitable programs funded by Honda Canada and the Honda Canada Foundation. All in all, we think these numbers represent a good start.

We are also considerate of what kind of world future Canadian generations will inherit from us. And with this in mind, we thought it was time for something different.

In Canada, we have significantly reduced the total number of brochures we print each year and we are encouraging people to visit [honda.ca](http://honda.ca) to experience an interactive approach to our cars and company. We also suggest that you consider the environment after you've finished reading this brochure and please pass it on to others, or recycle it.

Thank you, Canada.

Honda associates and families have helped plant more than 71,000 trees in Canada over the last 5 years.

As the world's largest engine manufacturer, Honda has a proud tradition of turning innovative ideas into products that help make Canada and the world around us brighter and a little more fun. These products are equipped with some of the cleanest, most fuel-efficient engines you'll find on the road, in the water or high above the clouds. And as technically ingenious as these products are, they are all brought to life by The Power of Dreams®.

1> ASIMO™, the advanced life-assisting humanoid robot 2> The high-speed, fuel-efficient HondaJet™ 3> Honda's advanced safety research and development facility in Tochigi, Japan 4> First manufacturer of a full line of cleaner 4-stroke outboard motors 5> The world's first motorcycle safety airbag 6> The Honda FC Sport, our advanced hydrogen fuel-cell concept vehicle

**We're Here.** At Honda, assistance and support are always available. The team of trained technicians at your Honda dealership will keep your vehicle in terrific shape. Honda accessories installed at the time your vehicle is purchased are covered under the 3-year/60,000-km limited warranty. If you need more information or assistance, call us at 1-888-9-HONDA-9. For all of the latest Honda information, including product specifications, pricing, photos and more, visit [honda.ca](http://honda.ca). It has everything you need to “design” your Honda and personalize it with items from a list of quality accessories.

**Quality Honda Accessories** give you the opportunity to fine-tune your new Honda just how you like it. Whether you want to turn up the style, the versatility or the exclusivity, every accessory is designed and built to adhere to the strictest Honda standards. See your dealer for full details.

**Genuine Honda Replacement Parts** are made to the same exacting standards as original Honda components and are guaranteed by the Genuine Honda Parts Warranty.

**Honda Financial Services.** Whether you buy or lease a Honda, Honda Financial Services can assist you with the process. Ask your dealer which lease or purchase plan best suits your needs.

**We're ready to help.** When you purchase a new Honda, you automatically receive Honda Plus Roadside Assistance. This service is available to you, or anyone else driving your vehicle, 24 hours a day, 7 days a week, anywhere in Canada or the continental U.S. Coverage is for 3 years, unlimited distance and includes towing, battery boosting and lockout assistance plus many other helpful services. Ask your dealer for more information.
