

2011 Accord SEDAN

Less paper today means more blue skies tomorrow.

At Honda, we have always considered it our responsibility to do our part to help preserve the global environment, for today and for generations to come. This is an environmental vision we call *Blue Skies for our Children*, and with this vision in mind, we felt it was time to make a change for the greater good of the planet.

That's why Honda Automotive has decided to print fewer paper brochures and start encouraging people to visit honda.ca to experience an interactive approach to our cars and company. Yes, it will take some time getting used to, but we think the end result will be worth it for everyone and for the future we all share.

It's a higher level of sophistication.

The 2011 Accord Sedan. With its aggressive stance and flawless aerodynamics, it's a shining example of everything a next-generation sedan should be. It features one of the most powerful yet fuel-efficient engines you'll find in a Honda, and with a surplus of innovative standard safety features, it leaves nothing to chance. All in, the Accord Sedan has it all and a little bit more.

Look under the hood of the Accord Sedan and you'll find one of three exhilarating i-VTEC® engines. There's a quick 2.4-litre, i-VTEC 4-cylinder engine that outputs 177 horsepower and 161 lb.-ft. of torque. There's a quicker 2.4-litre, i-VTEC 4-cylinder engine that outputs 190 horsepower and 162 lb.-ft. of torque. And there's an ultra-quick 3.5-litre, i-VTEC V-6 engine that outputs an exciting 271 horsepower and 254 lb.-ft. of torque. What's more, Accord Sedan V-6 models feature a next-generation Variable Cylinder Management® (VCM®) system. Now, whether you're accelerating, cruising or idling, this innovative system activates or deactivates the engine's operating cylinders from 6- to 4- to 3-cylinder mode to deliver maximum fuel efficiency.

ALL-IN ACCORD.

Accord

It makes a powerful first impression.

Will owning an Accord help make you a better driver? It's possible. After all, the Accord was engineered to enhance your confidence, connection and comfort on the road in ways only an Accord Sedan can. From the sophisticated luxury of its lavish interior to the incredible balance of horsepower and fuel efficiency, the Accord delivers on its promises. So whether the Accord makes you a better driver or not, it certainly makes for a better experience for you and your four extremely privileged passengers.

Is the Accord big on luxury? Sophistication? Comfort? Yes, yes and yes – and in a largest-interior-in-its-class sort of way. From the available leather-trimmed seats to the available heated front seats to the available dual-zone automatic climate control with air-filtration system, the Accord likes to pamper its passengers.
