

# Odyssey

2011

> PERFECT FOR LIFE.

# Home, home on the road.

> Available Bluetooth® Audio / AM/FM/CD audio system with available 5.1 Surround Sound and HDMI® input jack / Available tri-zone automatic climate control with air-filtration system / Maintenance Minder system / Available auto-levelling High-Intensity Discharge (HID) headlights / Steering wheel-mounted cruise control / Vehicle Stability Assist (VSA®) with Traction Control

Introducing the redesigned, refined and rethought 2011 Honda Odyssey. From the luxurious feature-loaded interior to the dramatic new exterior styling, the Odyssey will truly change your perception of a minivan. With an aggressive stance and aerodynamic styling, it's ready to meet your family's needs. Just imagine the ultimate family entertainment rec room with a subwoofer-oomphed audio system and available Bluetooth® Audio. Then add available 18-inch aluminum-alloy wheels and a powerful i-VTEC® engine, and you've got the all-new Odyssey. Featuring pretty much anything you could ever want in your house, not to mention your vehicle, it's a revolutionary take on the minivan.

Touring model shown.

PERFECT FOR LIFE.

Odyssey

# Expect unexpected performance.

Functionality makes its way into every inch of the Odyssey, including the engine bay. A 3.5-litre, i-VTEC V-6 delivers 248 horsepower and 250 lb.-ft. of torque, for performance completely un-minivan-like. And with Honda's innovative engineering, the Odyssey delivers smooth, agile handling, complemented by the available 6-speed automatic transmission. Power-assisted rack-and-pinion steering and the multi-link double-wishbone rear suspension complete the fun-to-drive experience. It's the kind of performance you get from a minivan when the engineers don't think it has to drive like one.

Touring model shown.

PERFECT FOR LIFE.

Odyssey

A detailed view of the front interior of a 2011 Honda Odyssey. The steering wheel is black with a silver Honda logo in the center and features multiple control buttons. Behind the wheel, the instrument cluster includes a tachometer, a speedometer, and a central digital display showing '287 km', '90772 km', and '23.5 C'. To the right of the steering wheel, there are air vents and a gear shift lever. Further right, the center console features a navigation screen displaying a map, a digital clock showing '9:48', and various control buttons for the audio and climate systems. The overall design is modern and functional, with a focus on driver convenience and comfort.

# Sitting just got prettier.

You've never had as many reasons to enjoy the drive as with the 2011 Odyssey. We've given you increased shoulder room and added more padding to the luxurious front seating area. And with the available 10-way power-adjustable driver's seat, you'll have a new favourite chair. To complete the premium level of comfort, available heated front seats keep you warm and cozy on those cold mornings.

And if comfort wasn't enough, we've also redesigned the dashboard controls to be more intuitive and convenient. The available Honda Satellite-Linked

Navigation System™ is at your fingertips, but with its trilingual voice recognition, you barely have to lift a finger. Available steering wheel-mounted audio controls make playing your favourite song a snap. The innovative available blind spot information system helps you detect vehicles entering your blind spots, giving you that little extra peace of mind. It's almost like a second set of eyes watching the road. And if anyone gets hungry while you're out on the road, the available cool box keeps drinks and snacks at the proper temperature, ready to be enjoyed. Now making a pit stop will be totally optional.

> Blind spot information system\*

responsibility to exercise due care while driving.

PERFECT FOR LIFE.

Odyssey

# Best seats in the house.

One of the Odyssey's standout features can be found on the inside. With three distinct seating configurations, the middle row sets a new standard for functional comfort. The wide-mode adjustable 2nd-row seats let you give adult passengers more space or make room for three full-sized child seats by having the outboard seats slide 1.5 inches to each side, and the centre seat can be adjusted 1.5 inches in either direction as well. That way you can take any member of the family along for the ride, even the ones you hadn't planned to take. And with the multi-function second-row centre seat, you can move your child almost 6 inches closer to the driver's seat, well within mouth-wiping distance. The Odyssey's versatile interior is perfect for your unpredictable lifestyle.

> Second- and third-row Lower Anchors and Tethers for Children (LATCH) for securing child seats / Three-row side curtain airbags with rollover sensor / Childproof rear door locks / Front side airbags with passenger-side Occupant Position Detection System (OPDS)

PERFECT FOR LIFE.

Odyssey

# More of everything. Except fuel.

> 3.5-litre, 24-valve, SOHC, i-VTEC® V-6 engine with 248 horsepower and 250 lb.-ft of torque  
on all models / Touring model fuel economy rating: 7.1 litres per 100 km

Under the hood of the Odyssey, the spirited i-VTEC engine with Variable Cylinder Management® makes for one of the most fuel-efficient rides you'll find in a minivan. The VCM® switches between cylinders seamlessly based on driving requirements, giving you V-6 power when you're accelerating and great fuel economy the rest of the way. It's this kind of fuel economy that allows you to put less in and get a whole lot more out.

Touring model shown.

PERFECT FOR LIFE.

Odyssey

The image shows the open rear hatch of a silver Honda Odyssey. The third row of seats is folded down, creating a large, flat cargo area. The interior is light-colored, with beige or light tan seats and trim. In the foreground, several pieces of luggage are packed in the cargo area: a large black duffel bag on the left, a dark brown duffel bag in the center, and two tan leather duffel bags on the right. A small, colorful cartoon image is displayed on a screen mounted on the ceiling of the vehicle. The overall scene is well-lit, suggesting a bright day outside.

# A space Odyssey.

The Odyssey's cargo area is no stranger to innovation. The One-Motion 60/40 Split 3rd-row Magic Seat®, invented by Honda, lets you create extra room in seconds. You could say we spend a lot of time thinking about the meaning of space. We've also considered how to make loading your stuff easier, which is why we included features like the available power tailgate. Load up your Odyssey and you'll discover a new appreciation for openness.

EX-L model shown with available Honda DVD Rear Entertainment System with 9-inch display, integrated remote control, and 2 wireless headsets with personal surround sound.

6 >

1 > The available Premium audio system has AM/FM/XM®\* Satellite Radio/CD capability and MP3/Windows Media® Audio playback. And with 650 watts of power and 15 GB of hard disk drive (HDD) audio storage pumping through 12 speakers including a subwoofer, you'll be more than surrounded by sound. In fact, that would be 5.1 Surround Sound.

2 > With the available external HDMI® (High-Definition Multimedia Interface) input jack, you can watch HD movies on the available Rear Entertainment System or sync up any HD compatible device.

3 > The available Honda DVD Ultrawide Rear Entertainment System includes a mammoth 16.2-inch screen with split-view capability. Say goodbye to kids' arguing over what to watch and say hello to their enjoying themselves throughout the whole trip.

4 > With the MP3/auxiliary input jack and available USB device connector, you can plug in your MP3 player to play your favourite tunes. The soundtrack to every road trip is just a click away.

5 > In the rear of the Odyssey, there's an available 115-volt AC power outlet so you can plug in your laptop, phone charger or even a blow dryer if you're really in a hurry.

6 > In the front of the Odyssey, you'll find the available Honda Satellite-Linked Navigation System and multi-view rear camera† that make your trip more direct and safer.

\*Includes a no-charge trial of 3 months, beyond which service fees apply. Available in 10 Canadian provinces and 48 contiguous U.S. states. See terms and conditions at xmradio.ca.  
†Does not replace the driver's responsibility to exercise due care while reversing.

PERFECT FOR LIFE.

Odyssey

# Solid on safety.

**Safety for Everyone** is Honda's commitment to providing one of the highest levels of standard safety features to help ensure occupant safety and protection. In fact, crash tests conducted by the National Highway Traffic Safety Administration ranked Honda as a leader for models with 5-star crash safety ratings for front and side impact.\* And through real-world research, Honda is focused on developing unequalled measures of protection to enhance the safety of occupants in other vehicles and even pedestrians – an innovative idea that is quickly becoming a reality.

\*Government star ratings are part of the National Highway Traffic Safety Administration's (NHTSA's) New Car Assessment Program ([www.safercar.gov](http://www.safercar.gov)). Models tested with standard side-impact airbags (SABs).

**ACE.** The highly innovative Advanced Compatibility Engineering (ACE) body structure disperses frontal impact energy, increasing occupant protection. Additionally, the ACE frame design allows for collision compatibility between vehicles of different weights and sizes.

**Solid Frame Structure.** Like all Honda trucks, the Odyssey is built with a solid unit-body frame for added strength, stability and vehicle handling.

**Maintenance Minder System.** The Maintenance Minder system automatically determines when service is required. It also anticipates maintenance schedules, such as oil-and-filter changes and tire rotation, based on your driving habits.

**LATCH.** Standard Lower Anchors and Tethers for Children (LATCH) offer up to 3 secure child-seat restraint positions in the second row and 2 positions in the third row.

**Active Front Head Restraints.** Active front seat head restraints lessen the potential for neck injuries during rear-end collisions by reducing the space between the occupant's head and the seat head restraint.

**Pedestrian Safety.** Innovative pedestrian safety features include energy-absorbing hood and front fenders and breakaway wiper pivots.

**Six Standard Airbags.** Six airbags line the vehicle's cabin, including three-row side curtain airbags with rollover sensor and the passenger-side Occupant Position Detection System (OPDS) airbag that will not deploy if the system detects a smaller-sized or out-of-position occupant.

**Anti-lock Brakes.** For safe stopping, the 4-wheel Anti-lock Braking System (ABS) helps you maintain control under hard braking conditions, while Electronic Brake Distribution (EBD) with Brake Assist optimizes braking power based on weight distribution inside the vehicle.

**Vehicle Stability Assist.** Vehicle Stability Assist (VSA) senses and corrects oversteer and understeer situations to enhance handling and cornering stability, while Traction Control enhances grip during acceleration.

**Tire Pressure Monitoring System.** For enhanced safety and fuel efficiency, a Tire Pressure Monitoring System (TPMS) continually checks the air pressure in each tire. If pressure drops in any one tire, an alert appears on the driver's instrument panel.

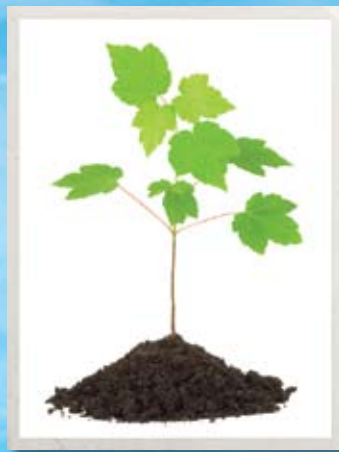

# A future we share.

At Honda, our goal is to be a company that society wants to exist. And today we are proud to say our existence in Canada is healthier than ever. Whether you're in Nova Scotia, Quebec, Ontario, Alberta or British Columbia, Honda is there. In fact, more than 22,000 Canadians work for Honda, and to date more than 1.2 million Canadians have benefited from charitable programs funded by Honda Canada and the Honda Canada Foundation. All in all, we think these numbers represent a good start.

We are also considerate of what kind of world future Canadian generations will inherit from us. And with this in mind, we thought it was time for something different.

In Canada, we have significantly reduced the total number of brochures we print each year and we are encouraging people to visit [honda.ca](http://honda.ca) to experience an interactive approach to our cars and company. We also suggest that you consider the environment after you've finished reading this brochure and please pass it on to others, or recycle it.

Thank you, Canada.

Honda associates and families have helped plant more than 71,000 trees in Canada over the last 5 years.

As the world's largest engine manufacturer, Honda has a proud tradition of turning innovative ideas into products that help make Canada and the world around us brighter and a little more fun. These products are equipped with some of the cleanest, most fuel-efficient engines you'll find on the road, in the water or high above the clouds. And as technically ingenious as these products are, they are all brought to life by The Power of Dreams®.

1> ASIMO™, the advanced life-assisting humanoid robot 2> The high-speed, fuel-efficient HondaJet™ 3> Honda's advanced safety research and development facility in Tochigi, Japan 4> First manufacturer of a full line of cleaner 4-stroke outboard motors 5> The world's first motorcycle safety airbag 6> The Honda FC Sport, our advanced hydrogen fuel-cell concept vehicle

**We're Here.** At Honda, assistance and support are always available. The team of trained technicians at your Honda dealership will keep your vehicle in terrific shape. Honda accessories installed at the time your vehicle is purchased are covered under the 3-year/60,000-km limited warranty. If you need more information or assistance, call us at 1-888-9-HONDA-9. For all of the latest Honda information, including product specifications, pricing, photos and more, visit [honda.ca](http://honda.ca). It has everything you need to “design” your Honda and personalize it with items from a list of quality accessories.

**Quality Honda Accessories** give you the opportunity to fine-tune your new Honda just how you like it. Whether you want to turn up the style, the versatility or the exclusivity, every accessory is designed and built to adhere to the strictest Honda standards. See your dealer for full details.

**Genuine Honda Replacement Parts** are made to the same exacting standards as original Honda components and are guaranteed by the Genuine Honda Parts Warranty.

**Honda Financial Services.** Whether you buy or lease a Honda, Honda Financial Services can assist you with the process. Ask your dealer which lease or purchase plan best suits your needs.

**We're ready to help.** When you purchase a new Honda, you automatically receive Honda Plus Roadside Assistance. This service is available to you, or anyone else driving your vehicle, 24 hours a day, 7 days a week, anywhere in Canada or the continental U.S. Coverage is for 3 years, unlimited distance and includes towing, battery boosting and lockout assistance plus many other helpful services. Ask your dealer for more information.

# Leading by example, on the road and off.

At Honda, we're committed to being a leader in innovative thinking, from the design of our vehicles to the way we work. That's the idea behind *Blue Skies for our Children*, our environmental vision, and it's something you can see in almost everything we do. Along with creating products that continue to excite and impress, we make every effort to minimize their impact on the planet. We believe a company that makes cars can also strive to preserve the environment wherever possible because we all want to ensure that the children of tomorrow enjoy the blue skies of today.

tomorrow

I want blue skies for everyone
