Crosstour

Form. Function. Forward-thinking.

IT'S SHOWING UP IN STYLE IN THE MIDDLE OF A SNOWSTORM. It's an exhilarating drive along country roads and stopping at every yard sale along the way. It's power when you want it and fuel efficiency when you need it. It's luxury that says you've arrived and the versatility to send you on your way again. It's the best of both. It's the Crosstour.

Beauty and brawn.

WE TOOK THE ROBUST AND READY ACCORD PLATFORM AND GAVE IT A BIG BOOST OF RACE-INSPIRED ATTITUDE. Sculpted aerodynamic lines seem to propel the vehicle forward. Its sporty coupe-like stance and assertive front grille cast a stately profile. We lengthened the body to increase cargo capacity and widened its wheelbase to improve stability. We also raised the ride height for greater clearance and a more commanding view of the road overall. And with its sky-grabbing power moonroof, chrome door handles and large 18-inch aluminum alloy wheels, it's a striking statement piece that's the perfect marriage of form and function.

Don't sweat the big stuff.

SIZE AND AGILITY. Open the rear tailgate and the Crosstour reveals its versatile nature. In its upright position, the rear cargo area has more than enough space for your golf gear and your groceries. Pull the discreet release levers and the 60/40 split rear seats fold flat to accommodate longer items. In fact, you get 1,453 litres of cargo space with the seats down. For even more handy storage, lift up the floor panel. That's where you'll find a removable water-resistant under-floor storage box. It's perfect for keeping your stuff on ice and out of sight – and then taking it with you when you're ready to go. To complete this picture of versatile utility, flip over the reversible floor panels. There's luxury carpet on one side and wipe-clean all-weather rubber on the other.

> 60/40 split fold-down rear seatback / Rear-seat centre armrest with locking pass-through / Removable water-resistant under-floor storage box.

Absolute power delights absolutely.

WANT POWER? How about a 3.5-litre, 24-valve, SOHC, i-VTEC® V6 engine with 271 horsepower and 254 lb.-ft. of torque? That's the most powerful engine you'll find in any Honda, and more than enough pep to reignite your love of the open road. It's legendary Accord engine performance served up via an advanced 5-speed automatic transmission with Grade Logic Control.

To maximize fuel efficiency without compromising all that power, check out the advanced Variable Cylinder Management® (VCM®) system. When you want raw power, the system engages all six cylinders for a truly invigorating drive. For more moderate highway or country road driving, the engine can operate on four. And when you're cruising in the city, the system can operate on three. It's the Crosstour at its versatile best: serious horsepower when you want it and greater fuel efficiency overall.

All-year drive.

GO ANYWHERE AND DO ANYTHING. Sedan performance meets all-weather, all-conditions handling. That's the idea behind the available Real Time 4WD[®] system. It helps to give you traction in low-grip driving conditions, along with a faster, more intuitive initial response when a loss of traction is detected. For added control – and the signature Accord responsiveness – the Crosstour is equipped with an independent double-wishbone front and multi-link double-wishbone rear suspension.

At home on the road.

GO AHEAD. TAKE THE ROAD LESS TRAVELLED. The available Honda Satellite-Linked Navigation System™ with bilingual Voice Recognition will keep you pointed in the right direction. With steering wheel-mounted controls and Bluetooth® HandsFreeLink™ for making and receiving calls, you'll enjoy the ride with your hands on the wheel and your eyes on the road.

Music to your ears comes in the form of a powerful 360-watt AM/FM/CD/MP3/WMA Premium audio system with 6-disc in-dash CD changer and 7 speakers including subwoofer. It's arresting audio performance with the added versatility of MP3/auxiliary and USB input jacks. And to make sure you're hearing only the notes you should be

hearing, the cabin is equipped with Active Noise Cancellation (ANC), which detects undesirable engine and road noise and emits opposing frequencies to cancel it out. Standard on all Crosstour models, the rearview camera is like having another set of eyes. As soon as you put the vehicle into reverse, the camera turns on, letting you see what's immediately behind the vehicle. The rearview mirror acts as the display, unless you have the EX-L 4WD Navi model, which uses the navigation system's screen.

> **Power moonroof with tilt feature / HandsFreeLink™-bilingual Bluetooth® wireless mobile phone interface / Available Honda Satellite-Linked Navigation System™ with bilingual Voice Recognition, rearview camera and steering wheel-mounted controls / HomeLink® remote system**

Your limo is here.

IF LUXURY IS IN THE DETAILS, THE CROSSTOUR HAS CONSIDERED EVERY LAST ONE

OF THEM. The form-fitting heated leather-trimmed 8-way adjustable power driver's seat with power lumbar support, for example, is like a big hug for your back. Same goes for the heated 4-way power adjustable front passenger's seat. For ample cabin storage, there's a handy centre console with storage compartment and roomy door pockets on each of the four doors. Ultimately, every carefully contoured inch of the cabin is designed to underscore the vehicle's confident drive. Want proof? Reach out and touch its leather-wrapped steering wheel. It's a very good thing.

> Driver's seat with 8-way power adjustment including power-adjustable lumbar support and memory system / Front passenger's seat with 4-way power adjustment / Illuminated steering wheel-mounted audio controls / Steering wheel-mounted cruise control / Auto-dimming rearview mirror

Protection Crosstour-style.

SAFETY FOR EVERYONE is our commitment to providing one of the highest levels of standard safety features to help ensure occupant safety and protection.* And through real-world research, Honda is also focusing on developing unequalled measures of protection to enhance the safety of occupants in other vehicles and even pedestrians – an innovative idea that is quickly becoming a reality.

ACE™ Body Structure. The highly innovative Advanced Compatibility Engineering™ (ACE™) body structure disperses frontal impact energy, increasing occupant protection. Additionally, the ACE frame design allows for collision compatibility between vehicles of different weights and sizes.

Vehicle Stability Assist (VSA®). Vehicle Stability Assist with Traction Control senses and corrects oversteer and understeer scenarios to enhance handling and cornering stability, while Traction Control helps ensure grip during acceleration on loose or slippery surfaces.

Pedestrian Safety. Innovative pedestrian safety features include energy-absorbing hood and front fenders, and breakaway wiper pivots.

*Based on tests conducted by the National Highway Traffic Safety Administration (NHTSA).

Anti-lock Brakes. For safe stopping, the 4-wheel Anti-lock Braking System (ABS) helps you maintain control under hard braking conditions, while Electronic Brake Distribution (EBD) with Brake Assist optimizes braking power based on weight distribution inside the vehicle.

Tire Pressure Monitoring System. For added safety and enhanced fuel efficiency, a Tire Pressure Monitoring System (TPMS) continually monitors the air pressure in each tire. If pressure drops in any tire, an alert appears on the driver's instrument panel.

Head Restraints. Active front seat head restraints lessen the potential for neck injuries during rear-end collisions by reducing the space between the occupant's head and the seat head restraint.

Six Standard Airbags. Six airbags line the Crosstour interior, including the revolutionary passenger-side Occupant Position Detection System (OPDS) airbag that will not deploy if the system detects a smaller-sized or out-of-position occupant. Plus, rear-seat Lower Anchors and Tethers for Children (LATCH) offer secure child-seat restraint.

THE POWER OF DREAMS, IN ALL THEIR FORMS. At Honda, we're committed to being a leader in innovative thinking, from the design of our vehicles to the way we work. We have a proud tradition of turning ideas into products and initiatives that help make the world around us a bit brighter and a little more fun. We continually strive to do things others think can't be done, because true innovation comes from daring to dream. Here are just some of the technically ingenious things Honda has brought to life through The Power of Dreams.

- 1> ASIMO™, THE ADVANCED LIFE-ASSISTING ROBOT
- 2> INNOVATIVE PRODUCTS LIKE THE HONDAJET
- 3> OVER 5.3 MILLION VEHICLES ASSEMBLED AT OUR CANADIAN MANUFACTURING FACILITIES
- 4> 10 NORTH AMERICAN HONDA PLANTS ARE SENDING ZERO WASTE TO LANDFILL
- 5> 2,736 TREES SPARED IN CANADA BY PRODUCING DIGITAL BROCHURES
- 6> BLUE SKIES FOR OUR CHILDREN IS HONDA'S ENVIRONMENTAL VISION FOR CANADA AND BEYOND
- 7> 25 YEARS PRODUCING HONDA VEHICLES AT OUR PLANT IN ALLISTON, ONTARIO
- 8> THE HONDA HEAD OFFICE IN MARKHAM, ONTARIO IS CERTIFIED LEED GOLD

WHEN IT COMES TO ENGINEERING, WE DON'T KNOW WHEN TO STOP. There's a lot more to Honda than our reliable cars and trucks. As a company founded on dreams, it's no surprise you can find our innovative engineering in everything from motorcycles to ATVs to power equipment and Marine. For almost anything you need to do, there's a Honda that can help you get the job done.

- 1> Snowblowers
- 2> Generators
- 3> Marine
- 4> Lawn and Garden
- 5> ATVs
- 6> Off-Road
- 7> Side-by-Side
- 8> Motorcycles

WE'RE HERE. At Honda, assistance and support are always available. The team of trained technicians at your Honda dealership will keep your vehicle in terrific shape. Honda accessories installed at the time your vehicle is purchased are covered under the 3-year/60,000-km limited warranty. If you need more information or assistance, call us at 1-888-9-HONDA-9. For all of the latest Honda information, including product specifications, pricing, photos and more, visit honda.ca. It has everything you need to “design” your Honda and personalize it with items from a list of quality accessories.

Quality Honda Accessories give you the opportunity to fine-tune your new Honda just how you like it. Whether you want to turn up the style, the versatility or the exclusivity, every accessory is designed and built to adhere to the strictest Honda standards. See your dealer for full details.

Genuine Honda Replacement Parts are made to the same exacting standards as original Honda components and are guaranteed by the Genuine Honda Parts Warranty.

Honda Financial Services. Whether you buy or lease a Honda, Honda Financial Services can assist you with the process. Ask your dealer which lease or purchase plan best suits your needs.

We're ready to help. When you purchase a new Honda, you automatically receive Honda Plus Roadside Assistance. This service is available to you, or anyone else driving your vehicle, 24 hours a day, 7 days a week, anywhere in Canada or the continental U.S. Coverage is for 3 years, unlimited distance and includes towing, battery boosting and lockout assistance plus many other helpful services. Ask your dealer for more information.

Get the latest photos, MSRPs, features, accessories, specs and more at www.honda.ca
