

2015
ODYSSEY

HONDA.CA/ODYSSEY

A road for every Honda.

The rural road. It was once a line on a map. Now, it's a destination in itself. A place where every path is a discovery. Where every vista is a portrait of someplace new and exciting. And it's the kind of place the Odyssey was made to take you.

They're the trips that aren't just memorable. They're unforgettable. So pack your Odyssey with the things you need, the people you love, and set off in search of some family firsts.

OVERVIEW P.1/2	PERFORMANCE & EFFICIENCY P.15/16
EXTERIOR P.3/4	SAFETY P.17/18
INTERIOR P.5/6	ACCESSORIES P.19/20
HondaVAC™ P.7/8	THE POWER OF DREAMS P.21/22
VERSATILITY P.9/10	WARRANTY P.23
TECHNOLOGY P.11/12	SPECS P.24-26
VISIBILITY P.13/14	COLOURS & TRIMS P.27/28

Four wheels never felt so much like home.

There's a lot to love about the 2015 Odyssey. The sleek, sophisticated exterior styling and available 18-inch aluminum-alloy wheels invite more than just glances, while the luxurious interior, premium technologies and available HondaVAC™ may inspire lounging. The engine provides power and responsiveness in good measure, so it may come as a surprise that the 2015 Odyssey boasts one of the best fuel economy ratings in its class for an 8-passenger minivan.^{1,2} Unsurprising, though, is the fact that the Odyssey carries on Honda's tradition of exceptional safety features. Inspired by home but made for the road, it's the 2015 Honda Odyssey.

1. Based on information currently available to Honda Canada Inc. as of August 15, 2014.

2. Estimated fuel economy based on Government of Canada's new 5-cycle testing method. Your actual fuel consumption will vary based on driving habits and other factors – use for comparison only. For more information on 5-cycle testing, visit <http://vehicles.nrcan.gc.ca>.

KEY FEATURES

Available power tailgate

Available power sliding doors

Available power folding door mirrors

LED taillight bars

Available 18-inch aluminum-alloy wheels

Available chrome-trimmed fog lights

Available auto-levelling High-Intensity Discharge (HID) headlights

Look good, feel better.

The 2015 Odyssey knows how to captivate. Bold, sleek and sophisticated, it announces itself with a striking grille, deeply carved aluminum hood, sculpted front fenders and slick side panels. Any left unconvinced need only to catch a glimpse of the vibrant LED taillight bars or available features like the chrome-trimmed fog lights, 18-inch aluminum-alloy wheels or HID headlights to know that riding in an Odyssey means you're riding in style.

Corner to corner comfort.

There are plenty of luxuries to be found in the cabin of the Odyssey. Up front, seating is truly road-trip-ready. Not only are the available heated front seats there to keep you cozy on cold mornings, but the driver's seat with standard 8-way power adjustment and the front passenger's seat with standard 4-way power adjustment make long hauls feel like quick jaunts. And if hunger strikes on the open road, just reach for the snacks and drinks you stashed away in the available cool box. So sit back, relax, and enjoy the scenic route.

KEY FEATURES

Available power moonroof with tilt feature

Available heated front seats

Available tri-zone automatic climate control
with humidity control and air-filtration system

Available cool box

Cleans up nicely.

Taking the family on a road trip can be a lot of fun and more than a little messy. That's why the 2015 Odyssey Touring trim is equipped with HondaVAC,™ the world's first in-car vacuum system. It features a replaceable filter, canister bag, nozzle accessories and a hose that reaches easily to the front seats – all of which can be conveniently hidden away in a storage compartment in the rear cargo area. Whether you're at home in your driveway or parked by a campsite on a family getaway, HondaVAC makes quick work of big cleanups.

Who's got room for eight?
You do (on SE trim and above).

Slide the centre seat forward to keep
your child within arm's reach.

With six people, you can fold the armrest
down for extra comfort in the third row.
(Touring model only.)

Five passengers and lots
of cargo space left to fill.

Party of four? Stow the third row
for more cargo space.

Make space for passengers, or more
room for up to three child seats in the
second row in "wide mode."

Even with three passengers,
there's still plenty of room for
most kayaks or ladders.

Hauling lumber is a breeze.
Build a tree house.
Or two. Or three.

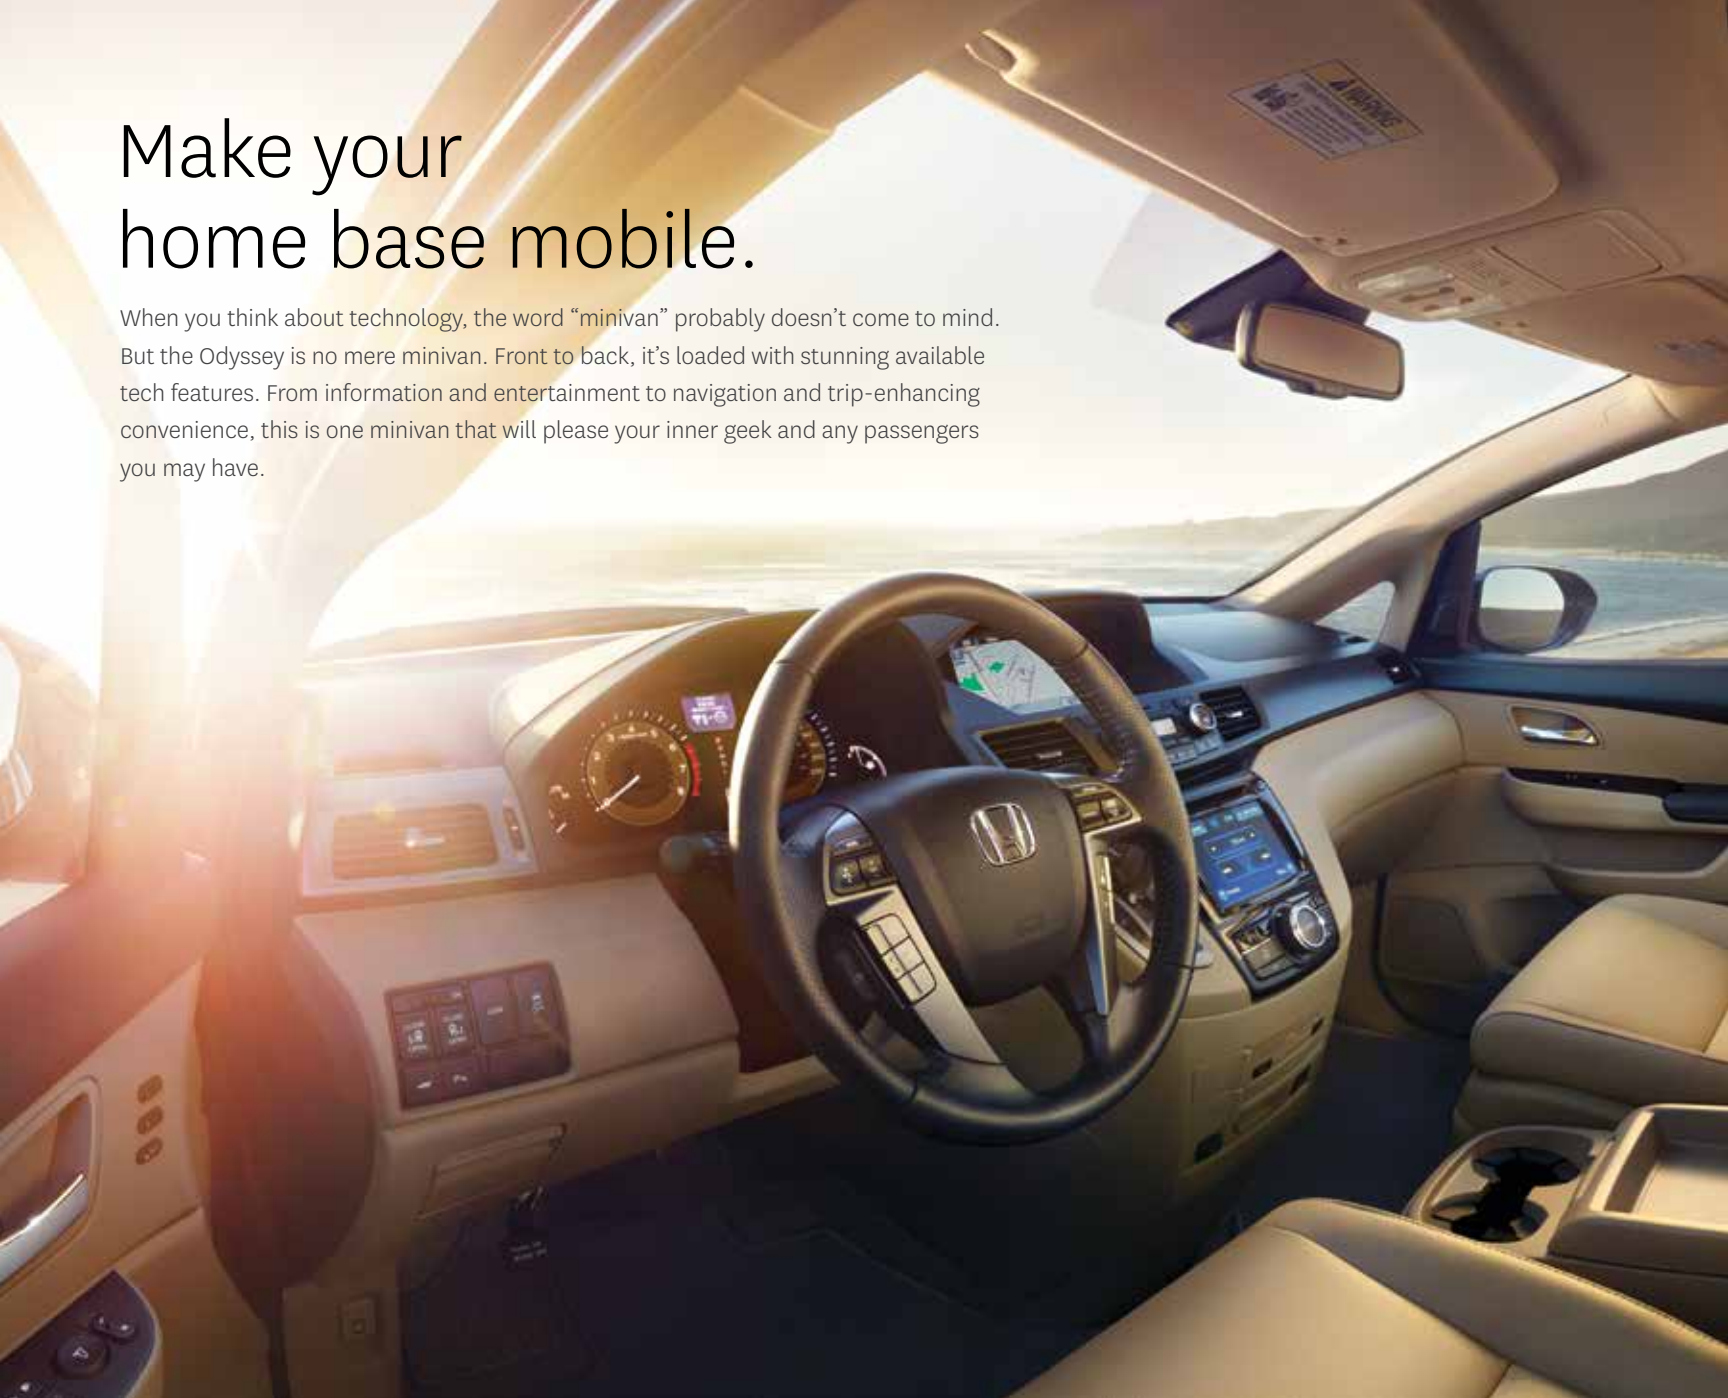

Ready for all of life's configurations.

The Odyssey's versatile interior is perfect for your unpredictable lifestyle. The wide-mode adjustable 2nd-row seats have two distinct seating configurations, giving adult passengers more space or making room for up to three full-sized child seats on SE trims and above. Plus, you can move your child in the available centre seat almost six inches closer to the front seats. In the back, simply pull on the seatback strap of the One-Motion 60/40 Split 3rd-Row Magic Seat® and it effortlessly folds away to create a cavernous amount of cargo room in seconds.

Make your home base mobile.

When you think about technology, the word “minivan” probably doesn’t come to mind. But the Odyssey is no mere minivan. Front to back, it’s loaded with stunning available tech features. From information and entertainment to navigation and trip-enhancing convenience, this is one minivan that will please your inner geek and any passengers you may have.

Proximity key and pushbutton start

The Odyssey comes with convenient features like the available proximity key entry system, allowing you to unlock your doors simply by touching the door handle. The available pushbutton start makes firing up the ignition as simple as pressing a button.

Navigation system

The available Honda Satellite-Linked Navigation System™^{1,3} with bilingual Voice Recognition, 3D map display and FM Traffic⁴ is like having someone onboard who can always show you the way.

Rear entertainment system

The available Honda DVD Ultrawide Rear Entertainment System keeps your passengers amused with a 16.2-inch display, split-screen capability, integrated remote control, 115-volt power outlet, RCA video input, HDMI® input jack, two headphone jacks and two wireless headsets. Get used to hearing “are we there yet?” a lot less.

650-watt, 12-speaker audio system

The available premium audio system has AM/FM/SiriusXM™⁵/CD/MP3/Windows Media® Audio playback capability, 650 watts, 15 GB of hard disk drive (HDD) audio storage and 12 speakers including a subwoofer for 5.1 Surround Sound. Plus, the MP3/auxiliary input jack and USB device connector² let you plug in your compatible MP3 player.

E-mail, text and Bluetooth®

The available e-mail and standard text message function^{1,2} makes it easy to stay connected when you’re out on the road, while the HandsFreeLink™-bilingual Bluetooth® wireless mobile phone interface^{1,2} lets you stay in the loop without taking your hands off the wheel.

HondaLink™

The available HondaLink™^{1,2} featuring Aha™^{1,2} by HARMAN lets you put your phone away, yet remain in touch with the outside world. It connects you to cloud-based media, such as news, music and podcasts, all controlled through voice recognition, your audio touch-screen or conveniently placed steering wheel-mounted audio controls.

1. None of the features we describe are intended to replace the driver’s responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit www.honda.ca/disclaimers or refer to the vehicle’s Owner’s Manual.

2. Only compatible with certain devices and operating systems. Cellular data and/or voice charges may apply, including roaming charges and/or other amounts charged by your wireless carrier.

3. Map database covers major metropolitan areas in Canada and 48 contiguous U.S. states.

4. Coverage varies by market.

5. Only available in certain areas. Includes a no-charge trial of three months.

Lets you see so much, it's practically transparent.

You always want to keep your eyes on the road. The Odyssey is equipped with advanced driver-assisting technology to help you do just that. On the Touring trim, there's the Blind Spot Information system¹ (BSI), which is designed to notify you of vehicles entering either blind spot, using indicator lights. You can also get a better look at what's behind you with the standard expanded view driver's mirror, standard rearview camera¹ or the available multi-angle rearview camera¹.

AVAILABLE BLIND SPOT INFORMATION (BSI) SYSTEM

Honda LaneWatch™ blind spot display¹

This available feature uses a camera on the passenger-side mirror designed to greatly reduce your blind spot on that side. Signal right and a live video displays on your dashboard screen, revealing nearly four times more area than the mirror alone.

Blind Spot Information (BSI) system¹

Standard on the Touring trim, the Blind Spot Information system is designed to notify you of vehicles entering either blind spot, using indicator lights inside the cabin. It's just another way the Odyssey helps to serve as your lookout on the road.

Rearview camera¹

A rearview camera comes standard on the Odyssey, so you can get a better view of what's behind you. The available multi-angle rearview camera¹ has three different angles, including wide, normal and top-down, for added perspective and easier reversing.

1. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit www.honda.ca/disclaimers or refer to the vehicle's Owner's Manual.

Performance that defies its size.

Functionality makes its way into every inch of the Odyssey, including the engine bay, which features a 3.5-litre i-VTEC® V6 engine that delivers 248 horsepower¹ and 250 lb.-ft. of torque.¹ Together with Variable Cylinder Management® (VCM®) and the standard 6-speed automatic transmission, the Odyssey achieves one of the best fuel economy ratings in its class for an 8-passenger minivan^{2,3}. Add in the fun-driving nature of the variable-power-assisted rack-and-pinion steering and multi-link rear suspension, and you have a minivan that performs with the spirit of something much smaller.

1. Horsepower and torque calculations reflect SAE net, Rev. 08/04, SAE J1349 procedures.

2. Estimated fuel economy based on Government of Canada's new 5-cycle testing method. Your actual fuel consumption will vary based on driving habits and other factors – use for comparison only. For more information on 5-cycle testing, visit <http://vehicles.nrcan.gc.ca>.

3. Based on information currently available to Honda Canada Inc. as of August 15, 2014.

Solid on safety.

1. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit www.honda.ca/disclaimers or refer to the vehicle's Owner's Manual.

2. System operation may be affected by extreme interior heat.

3. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge. Do not rely solely on the monitor system.

ACTIVE SAFETY

Controlled braking

To help with safe stopping, the 4-wheel Anti-lock Braking System¹ (ABS) is designed to help you maintain control under hard braking conditions, while Electronic Brake-force Distribution (EBD) helps to optimize braking power based on weight distribution inside the vehicle. Further, Brake Assist is engineered to help improve braking performance by applying full brake pressure when a panic stop is detected.

Forward Collision Warning (FCW) system

The available Forward Collision Warning system^{1,2} uses an onboard camera designed to detect the presence of vehicles in front of you and issue alerts if you're approaching with too much speed.

PASSIVE SAFETY

Advanced Compatibility Engineering™ (ACE™) II body structure

The highly innovative, next generation Advanced Compatibility Engineering (ACE) II body structure is engineered to help disperse frontal impact energy to enhance occupant protection, while more effectively controlling it in severe collisions, to help prevent intrusion into the passenger cabin.

Seat belt safety

The Odyssey helps prepare you for the unexpected with 3-point height-adjustable front seat belts with automatic tensioning system and 3-point rear seat belts in the second and third rows.

Vehicle Stability Assist (VSA®) with Traction Control

Vehicle Stability Assist¹ with Traction Control is designed to sense and help correct oversteer and understeer scenarios to enhance handling and cornering stability, while Traction Control is designed to minimize wheel spin when accelerating on loose or slippery surfaces, helping to inspire greater driver confidence.

Lane Departure Warning (LDW) system

Using a camera behind the rearview mirror, the available Lane Departure Warning system^{1,2} is designed to monitor vehicle lane position and alert you when your vehicle drifts into a new lane when you haven't signaled.

Solid frame structure

Like all Honda trucks, the Odyssey is built with a rigid unit-body frame for added strength, stability and vehicle handling.

Child safety

The Odyssey features childproof rear door locks, as well as rear seat Lower Anchors and Tethers for Children (LATCH), which helps provide secure child-seat restraint.

Tire Pressure Monitoring System (TPMS)

For enhanced safety and fuel efficiency, the Tire Pressure Monitoring System³ continually checks the air pressure in each tire. If pressure drops in any one tire, the driver receives a dashboard alert.

Six standard airbags

The cabin of the Odyssey is lined with six standard airbags. It features dual-stage, multiple-threshold front airbags (SRS) as well as three-row side curtain airbags with rollover sensors, which are designed to deploy the side curtain airbags in the event of a rollover. Plus, it has Smartvent™ side airbags, which are designed to deploy safely in a manner that mitigates the risk of injury to out-of-position or smaller occupants.

Pedestrian safety

Innovative pedestrian safety features include energy-absorbing hood and front fenders and deformable wiper pivots.

HOOD EDGE DEFLECTOR

ROOF RACK BOX, SHORT

CARGO ORGANIZER

BODY SIDE MOLDING

TOWING PACKAGE

ROOF RACK RAILS AND CROSSBARS

The Power of Dreams, in all their forms.

At Honda, we're committed to being a leader in innovative thinking. It's part of everything we do, from the design of our vehicles to the way we work. We have a proud tradition of turning ideas into products and initiatives that help move and improve people's lives in every conceivable way. Today, our innovation manifests itself in many forms: our revolutionary Earth Dreams™ technology, the race-inspired performance of our motorcycles and automobiles, the mobility-assisting robot ASIMO, the high-flying HondaJet and the first full line of fuel-efficient, low-emission, 4-stroke outboard motors. We continually strive to do things others think can't be done, because true innovation comes from daring to dream.

Beyond dreaming up new products, Honda believes we have a responsibility to do everything we can to help preserve our planet. This belief is why we make every effort to help ensure preservation of the environment in all of our company's activities. It's why our head office in Markham, Ontario was designed and built to be LEED® (Leadership in Energy and Environmental Design) Gold Certified. It's why our Alliston, Ontario plant is ISO 14001 certified. And it's why Honda, along with our associates and families, has helped plant more than 94,000 trees in Canada over the last 7 years.

As we move forward, we will continue to honour our responsibility and tradition of turning innovative ideas into products that help make our world a better place. That's what we do. That's The Power Of Dreams.

HONDA
The Power of Dreams

BLUE SKIES FOR
OUR CHILDREN

WE’RE HERE. At Honda, assistance and support are always available. The team of trained technicians at your Honda dealership will help keep your vehicle in terrific shape. If you need more information or assistance relating to your warranty, call us at 1-888-9-HONDA-9. For all of the latest Honda information, including product specifications, pricing, photos and more, visit honda.ca. It has everything you need to “design” your Honda and personalize it with items from a list of quality accessories.

WE’RE READY TO HELP. When you purchase a new Honda, you automatically receive Honda Plus Roadside Assistance. This service is available to you, or any authorized driver, 24 hours a day, 7 days a week, anywhere in Canada or the continental United States. Coverage is for 3 years over an unlimited distance and includes a 24-hour toll-free Honda Plus Roadside Assistance number, mechanical breakdown towing, emergency roadside service and many other helpful features. Ask your dealer for more information.

HONDA PLUS EXTENDED WARRANTY. Experience added protection with Honda Plus coverage that is behind you for the road ahead. With available coverage options of up to 8 years/200,000 km, you can choose the one that best suits your needs. With a plan this wide-ranging, the only thing that’s uncertain is where it will take you.

Always use seat belts and appropriate child seats. Children 12 and under are safest when properly restrained in a rear seat. Honda reminds you to properly secure all items stored in the cargo area. Some of the technologies described in this brochure come with limitations. See owner’s manual for complete details. Specifications, features, illustrations and equipment shown in this catalogue are based on the latest available information at the time of publication. Although descriptions are believed to be correct, accuracy cannot be guaranteed. Honda Canada Inc. reserves the right to make changes at any time, without notice or obligation, in colours, specifications, accessories, materials and models. Honda reserves the right to terminate or change any of the services and/or features at any time, for any reason. Certain features require registration and may transmit to Honda and/or its providers a vehicle’s location, operating conditions or other information that may be tied to the vehicle identification number (VIN) and can be combined to track a vehicle. For Honda’s data use and privacy policy, see www.honda.ca/privacy. Some vehicles are shown with optional equipment. Some vehicles shown are U.S. models. Canadian specifications may vary. HONDA FINANCIAL SERVICES. Whether you buy or lease a Honda, Honda Financial Services can assist you with the process. Ask your dealer which lease or purchase plan best suits your needs.

NEW HONDA VEHICLE WARRANTY. The Honda warranty protection makes Power Train components a minor concern with the Honda 5-year/100,000-km No Nonsense Warranty. In addition to the Honda 5-year/100,000-km No Nonsense Warranty, you and your new Honda are protected by a Honda 3-year/60,000-km Distributor’s Warranty as well as an additional series of warranties for such items as emission controls, body corrosion and more.

GENUINE HONDA ACCESSORIES give you the opportunity to fine-tune your new Honda just how you like it. Whether you want to turn up the style, the versatility or the exclusivity, every accessory is designed and built to adhere to the strictest Honda standards. See your dealer for full details.

GENUINE HONDA REPLACEMENT PARTS are made to the same exacting standards as original Honda components and are guaranteed by the Genuine Honda Parts Warranty. Using Genuine Honda Parts will help to maintain the quality, reliability and performance of your vehicle.

1. Horsepower and torque calculations reflect SAE net, Rev. 08/04, SAE J1349 procedures.
2. With the required accessory towing package. See your Owner’s Manual for proper towing operation.
3. None of the features we describe are intended to replace the driver’s responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit www.honda.ca/disclaimers or refer to the vehicle’s Owner’s Manual.
4. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge. Do not rely solely on the monitor system.
5. System operation may be affected by extreme interior heat.
6. Only compatible with certain devices and operating systems. Cellular data and/or voice charges may apply, including roaming charges and/or other amounts charged by your wireless carrier.
7. HomeLink® can be programmed with codes of up to three remote-control devices (e.g., garage-door opener, home security system, etc.).
8. Map database covers major metropolitan areas in Canada and 48 contiguous U.S. states.
9. Coverage varies by market.
10. Only available in certain areas. Includes a no-charge trial of three months.
11. Estimated fuel economy based on Government of Canada’s new 5-cycle testing method. Your actual fuel consumption will vary based on driving habits and other factors – use for comparison only. For more information on 5-cycle testing, visit <http://vehicles.nrcan.gc.ca>
