

ALL-NEW TOWNSTAR VAN

As forward thinking as your business

We know that for business owners and entrepreneurs like you, profit isn't the only measure of success. Passion, pride and sustainability in everything you do is equally important. So isn't it time you got an electric van that gets you? Introducing the All-New Nissan Townstar – a 100% electric van that's as forward-thinking as your business.

The difference is in the detail

ALL IN A DAY'S WORK

With running costs that are a fraction of those of an equivalent combustion vehicle, All-New Nissan Townstar makes great sense as a compact van for your business. Its impressive, combined range of up to 183 miles* handles even the longest days, while its zero-emissions driving powertrain grants you access to all areas of the city.

LOWER YOUR COSTS

With an impressive electric range, combined with flexible energy tariffs, you will be equally impressed by the low running costs.

Loading length:

x2 Euro-pallets
(from L1)

[1] Range figures are obtained from laboratory testing in accordance with EU legislation and are intended for comparison between the different types of vehicles. The information does not refer to a particular individual vehicle and does not constitute part of the offer. The figures may not reflect real driving results. Starting charge of the battery, optional equipment, maintenance, driving behavior and non-technical factors like weather conditions may affect the official results. Figures were determined under the new Worldwide harmonized Light Vehicles Test Procedure (WLTP) test cycle. Chargers available separately from one of our preferred partners.

Overall length
4910mm

L1
Overall length
4486mm

YOUR MOBILE OFFICE

When your business requires you to be on the road, but never away from the office. The All-New Nissan Townstar has you covered with its advanced connected cabin and innovative storage for files and paperwork.

CHOOSE YOUR SEATS

Depending on your business needs, you can choose between one or two^[2] passenger seats next to the driver seat.

2 seats

3 seats^[3]

LOADING'S NEVER BEEN EASIER

With its extra-large sliding side door, the Townstar L2 wheelbase allows you to load a euro pallet directly through the sliding side door.

Sliding Side Door Width:
L1 : 615mm
L2 : 831mm

EYES ALL ROUND

Move with confidence, even in tight spaces. Intelligent Around View Monitor gives you a 360° Birds Eye View^[2] when maneuvering at low speed, for stress-free parking and all-round confidence.

^[2] Features available depending on version, as standard or only as option (at an extra charge).

^[3] Two seat passenger bench available mid 2023

Design that fits right in

Bold Japanese design, robust lines and compact style; the All-New Nissan Townstar has the looks to stand out and the proportions to fit in. The All-New Townstar measures up in every way, with its optimal city van size helping you to navigate those narrow streets and tight parking spaces.

LED low beam, turn indicator and Daytime Running lights

LED signature daytime tail lights

Nissan exclusive Kumiko pattern grille with charging port^[2]

LED front fog lights with cornering technology^[1]

16" Diamond-cut alloy wheels^[1]

^[1] Features available depending on version, as standard or only as option (at an extra charge).

^[2] EV model

Sophisticated design. Seamless practicality

Discover a quality interior, with high-grade finishes, ergonomically designed steering wheel and a 10" fully digital meter display^{[1][2]}. For a clutter-free and connected cabin, All-New Nissan Townstar comes equipped with up to 3 USB ports^[1], electronic parking brake^[1] and up to 44 litres of practical storage. Depending on the grade you can also enjoy the heated leather steering wheel, providing additional comfort on those colder days.

Electronic parking brake^[1]

Automatic gear shifter^[2]

10" digital combimeter^{[1][2]}

^[2] EV model

Everything in the right place

Ergonomic, multi-functional and highly practical. The All-New Nissan Townstar's cabin offers plenty of storage, and the option of a two seater bench* replacing the single passenger seat in the front – with the middle one folding conveniently away when not needed to create a useful office table.

Automatic Climate Control^[1]

Smartphone holder^[1]

Large cup holders

Front door storage

^[1] Features available depending on version, as standard or only as option (at an extra charge). **Available mid 2023.

A4 Storage

Driver's storage area with lid and 2 USB sockets

Open to all possibilities

The All-New Nissan Townstar L1 offers a generous 3.3m³ of load space volume in the cargo area. It's loading dimensions have been designed to accommodate x2 euro-pallets. Additionally, Townstar's cabin delivers ample storage for your everyday essentials and important items.

VAN L1

L1 Van with full width bulkhead^[1]

Loading length

x2 Euro-pallets

^[1] Features available depending on version, as standard or only as option (at an extra charge).

Your extended space, your way

With the Townstar L2, whether you're loading boxes, pallets, furniture or tooling equipment, discover an impressive, extended load volume. Townstar L2 provides 4.3m³ which enables a spacious load length of over 2.2 meters. Additionally, there's also the generous side-sliding doors that provide enough width to accommodate a euro-pallet. All this is combined with multiple harness points to secure your load for extra peace of mind.

VAN L2

Euro-Pallet side loading

Loading length

CREW VAN L2^[1]

The All-New Townstar Crew Van is designed primarily as a commercial vehicle but with the ability to carry additional passengers. Even with 5 people on board, the L2 wheelbase leaves you with a loading volume of 2.1m³. With the ability to fold away the 2nd row seats, you can increase your load capacity of up to 3.1m³. And with its wide side-sliding doors, access has never been easier.

[1] Crew Van will be available in Mid 2023

Intelligent, intuitive, connected

The 8" touchscreen^[1] in the All-New Nissan Townstar is your portal to NissanConnect: through intuitive navigation, advanced technology and more. Our smartphone App offers a growing range of services including door-to-door navigation. When inside your car^[2], connect your phone to start using your preferred Apps thanks to Apple CarPlay[®]^[3] and Android Auto[™]^[3]. And wherever you are^[4], it keeps you informed about the status of your van. You're all set for your daily business.

NAVIGATION^[1]

Find your way effortlessly with advanced navigation, featuring: 3D view, speed limit guidance, junction view, real-time traffic information and continued navigation even without a GPS signal, thanks to the systems internal gyroscope.

E-CALL^[1]

In case of any emergency, e-call^[1] can be set automatically or manually at the touch of a button, make a call to emergency services. The system is triggered if a collision is detected by your vehicle's sensors.

NISSANCONNECT SERVICES APP^[1]

The NissanConnect Services App^[1] redefines your relationship with your Townstar by allowing you to connect with your smartphone, e.g., find out where it's parked, check your driving history and even control the cabin temperature remotely^[1].

Scan the code to download now the NissanConnect Services app and connect it to your New Nissan.

[1] Features available depending on version, as standard or only as option (at an extra charge).

[2] Connecting a mobile phone to use NissanConnect should only be done when the car is parked safely. Use of the system should always be in accordance with the rules of The Highway Code. Drivers should only use the system when it is safe to do so. Users should be aware of the potential for hands-free technology to distract attention from the road, which could impact on having full control of the vehicle.

[3] Apple CarPlay[®] and Android Auto[™] are available free of charge, depending on model and/or grade.

[4] To use the NissanConnect services you need a NissanConnect user account and have to register and log in to NissanConnect with your username and password. To use the free NissanConnect App, you need a smartphone with a compatible iOS or Android operating system and a SIM card with data option with an existing or separate mobile phone contract between you and your mobile service provider. All services are subject to mobile network coverage. The use of NissanConnect on-board internet is made possible via an integrated wireless internet connection. Data packets are to be obtained via selected external mobile communication providers in accordance with their terms and conditions (depending on the availability in your country).

For more information, please visit www.nissan.co.uk/owners/nissan-ownership/nissan-connect-services-apps.html or contact your nearest Nissan dealer at www.nissan.co.uk/dealer-locator.html. The feature responsiveness and use can be impacted when car is receiving a bad signal. For optimal use, please make sure your car is under good network coverage.

The power to make a difference

Confident performance, impressive efficiency, and dimensions that fit in more ways than one. Discover two efficient powertrains, versatile space and just the right proportions for navigating those city streets with ease.

100% ELECTRIC TOWNSTAR

Cleaner, quieter and economical, with up to 183 miles range^[1]. The All-New 100% Electric Nissan Townstar is powered by a 45Kwh battery connected to a 122hp/245Nm electric motor^[2]. The traction battery is available with a heat pump and liquid cooling to bring cabin comfort whilst providing optimal efficiency for greater autonomy and charging.

PETROL ENGINE

With confident acceleration and enough performance to handle steep hills even when fully loaded, the All-New Nissan Townstar's efficient petrol engine has your back all the way. Enjoy 130hp of power and combined fuel consumption of 40.4 - 41.5 MPG and CO₂ emissions of 153 -158g/km (min/max) on combined cycle, thanks to a 6 speed Manual Transmission with ECO mode for optimum efficiency.

[1] Range figures are obtained from laboratory testing in accordance with EU legislation and are intended for comparison between the different types of vehicles. The information does not refer to a particular individual vehicle and does not constitute part of the offer. Figures shown are for comparability purposes; only compare figures with vehicles tested to the same technical procedures. The electric range of 183 miles WLTP combined is available on L1 Visia grade with no side doors (standard configuration achieves 182 miles WLTP combined range). Figures obtained after the battery was fully charged. Actual real world driving results may vary depending on factors such as the starting charge of the battery, accessories fitted after registration, weather conditions, driving styles and vehicle load..

[2] WLTP figures shown are for comparability purposes only. Actual real-world driving results may vary depending on factors including factory options, accessories fitted after registration, maintenance, weather conditions, driving styles and vehicle load. Nissan expressly reserves the right to modify at any time.

Technology that's got your back

Park with confidence. The All-New Nissan Townstar's Intelligent Around View Monitor^[1] gives you a 360° view of your vehicle, with selectable focus on front, kerbside or rear views. The four cameras work in conjunction with the parking sensors to give you both audible and visual guidance for peace-of-mind in those tighter spaces.

INTELLIGENT CRUISE CONTROL^[1]
It measures the distance from the vehicle ahead, controlling acceleration and deceleration to automatically maintain a suitable following distance within your set speed.

LANE KEEP ASSIST AND LANE DEPARTURE WARNING^[1]
Provides assistance to help centre the position of your vehicle in the lane and alerts the driver when your vehicle is departing from the lane without turning signal on.

INTELLIGENT FORWARD COLLISION WARNING^[1]
Keeps an eye on the vehicle in front of you. When the system detects a sudden deceleration ahead, it gives you an audible and visual warning to slow down.

BLIND SPOT WARNING & INTERVENTION^[1]
Technology that detects vehicles in your blind spot area with an audio and visual alert while applying slight braking force to help return the vehicle to its original lane.

INTELLIGENT EMERGENCY BRAKING^[1]
Monitors the front surrounding area for vehicles, cyclists and pedestrians, helping to avoid or reduce damage caused by collisions.

TRAFFIC SIGN RECOGNITION^[1]
The system notifies the driver when a speed limit sign or other traffic sign is detected, keeping the driver informed of speed limit changes and other important road information.

^[1] Features available depending on version, as standard or only as option (at an extra charge).

^[2] ProPILOT Assist is available on Tekna+ (EV only). ProPILOT Assist is an Advanced Driver Assist technology but cannot prevent collisions. ProPILOT Assist is intended for "Eyes on/ Hands On" for highways only (road separated by Barriers). Navi Link supports traffic sign recognition which may not detect and read all traffic signs in all conditions. Driver should monitor all traffic sign and obey traffic laws. It is the driver's responsibility to stay alert, drive safely and remain in control of the vehicle at any time. For details, please check the Owner's Manual.

Looking out for you

With Nissan ProPILOT Assist^{[1][2]}, you're never on your own. It's always working in the background when activated, keeping an eye on the road. You just drive the way you always drive, but reassured in knowing that the All-New Nissan Townstar is ready to help with braking, steering or accelerating to keep you safe, on track and in control when it counts.

Take care of the details

Every business has its own specific requirements.
With Genuine Nissan Accessories you can customise the All-New
Nissan Townstar to match your needs and extend its possibilities.

Max. roof load (kg)	100	100	100	100	100	100

[1] L2 versions available from mid 2023, technical data subject to final homologation.

[2] Payload is calculated as the difference between gross vehicle weight (GVW) and kerb weight. Kerb weight is affected by factors such as body styles and options. Kerb weight includes fluids and fuel tank 90% full and excludes the driver (75kg). The weight figures in the table are related to a standard-specification vehicle according to type approval data. Any additional options specified on the vehicle will increase its kerb weight and reduce its payload accordingly. All weight figures are subject to 5% manufacturing tolerances.

[3] GVW with optional 2 seat bench.

NISSAN LCV 5 YEAR MANUFACTURER WARRANTY

NISSAN now offers a standard 5 Year Pan-European Manufacturer Warranty on its whole LCV range*. This is much more than just a warranty as it includes:

- 5 Year or 100,000 miles bumper-to-bumper protection
- 5 Year NISSAN Genuine Parts & Accessories Warranty
- 5 Year Roadside Assistance
- Fully transferable

And with service intervals at 2 years or 18,000 miles (Petrol) and 2 years or 24,000 miles (Electric), whichever is sooner, you'll not only have 5 years of peace of mind but also low running costs.

BATTERY WARRANTY

Townstar's battery is covered for 8 years or 100,000 miles. Nissan guarantee the Li-ion battery capacity to be over 70% for 8 years or 100,000 miles. Should the capacity fall below 70% within that coverage period Nissan will replace or repair to return to over 70%.

AT NISSAN, YOU BRING OUT THE BEST IN US.

You spark our imagination. You provoke our ingenuity. You inspire us to change the rules and innovate. And at Nissan, innovation is not just about additions and extensions; it's about crossing the line to reinvent the status quo. It's about developing unexpected solutions to satisfy your wildest and most pragmatic desires. At Nissan, we design vehicles, accessories and services that break the mould - making the practical exciting and the exciting practical to offer you a more exhilarating driving experience everyday.

*5 Year / 100,000 miles (whichever comes first) Manufacturer Warranty for the LCV range
Unlimited mileage for Nissan Genuine Parts & Accessories, Roadside Assistance.
For more details, please refer to Nissan Warranty Booklet.

CUSTOMER SERVICES

SPECIALISED LCV NETWORK

Nissan provides a specialised network of LCV Van centres to support your specific commercial vehicle requirements:

- Pan-European coverage
- Dedicated LCV Sales & Aftersales staff
- Competitive financing solutions
- Tailor made conversion offers
- Competitive extended warranty offers to go even beyond Nissan LCV 5 Year Warranty.
- Test drive your choice

AFTERSALES SERVICES

If your car breaks down, it's inconvenient. If your van breaks down, it's a serious blow to your business. Even time allowed for servicing is downtime, when your van isn't earning its keep. At Nissan, we understand these hard business facts. So we do the best to ensure that your van stays where it belongs – working for you, on the road.

NISSAN SERVICE CONTRACTS AND EXTENDED WARRANTY

For total peace of mind and budget control, you can subscribe to a Nissan Service Contract which will cover your periodic maintenance and Wear & Tear parts for the mileage and period that suits your business best. This way, you can ensure that your All-New Nissan Townstar is serviced by dedicated Nissan technicians. And for even more serenity, you can get an Extended Warranty to cover possible mechanical and electrical breakdown after the end of your All-New Nissan Townstar warranty.

5 YEAR ROADSIDE ASSISTANCE

- Pan-European coverage for breakdowns, accidents, non-warrantable incidents (such as flat tyres, lost keys, wrong fuel...)
- 24/7, 365 days
- Emergency Call Centre
- Prompt roadside assistance

If this is not possible and your vehicle is still immobilised after a few hours, we will make sure you are provided with a courtesy vehicle as soon as possible or if necessary, overnight accommodation and travel to your onward destination or back to your base. We will also recover your immobilised vehicle.
