

Z[®]
2026

The legend, defined by the letter Z[®]

It's been a revolution since 1969 — now reborn as the available Z32-inspired Heritage Edition, a limited-edition package exclusively in Midnight Purple. The 400-hp¹ twin-turbo V6 pairs with a precision 6-speed manual and balanced rear-wheel drive to deliver responsive, reliable performance — engineered for durability. Wrapped in a striking body and a meticulously crafted, driver-focused cockpit, it's a pure sports car the way only a Z can be.

Nissan Z[®] Performance shown in Black Diamond Pearl.

Where car and driver become one

Exhilarating performance meets cutting-edge technology in the Z.® Every aspect, from the snug-yet-supple grip that keeps you in control to the retro-futuristic design elements, is engineered to deliver that indescribable, high-octane driving bliss only a Z can offer. It's the perfect balance between advanced technology that responds to voice and touch, seamless smartphone integration,² and iconic interior design that defines what a classic sports car should be.

Nissan GT-R™-inspired steering wheel

Contoured shift knob³ from a single piece of leather

Available synthetic-suede trim for enhanced seat grip

Driver's seat cutouts for more precise steering and shifting

12.3" Digital dashboard with Sport Mode display⁴

Iconic triple pod gauge cluster

NissanConnect® 9" touch-screen display^{2, 6}

Wireless Apple CarPlay® integration^{2, 6}

Android Auto™ compatibility²

400-horsepower, twin-turbo V6 engine

At the heart of the Z® is the VR30 — a 3.0-liter twin-turbo V6 engine derived from the GT-R's VR38 engine. Aluminum-alloy construction to keep things light and a water-cooled intercooler to reduce intake air temperature. Cutting-edge turbo speed monitoring technology brings reliable power with 350 lb-ft of torque starting at just under 1,600 rpm.¹

6-speed manual and 9-speed automatic transmissions

A quality 6-speed manual transmission with available SynchroRev Match® brings perfection to every downshift, enhancing driving thrills. An available close-ratio 9-speed automatic with manual mode brings rapid shifts with modern technology. The hardest part? Choosing only one.

A chassis built to respond

Z is designed to handle your favorite roads with a quality-tuned suspension that's both comfortable and supportive. Strong, lightweight aluminum and carbon-fiber composite components⁵ and 19" RAYS® super-lightweight forged wheels with performance tires⁶ deliver a safe yet exhilarating drive.

Launch control and mechanical limited-slip differential⁶

Available launch control modulates engine rpm and power to reduce wheel spin and maximize traction, delivering consistent, confident acceleration. No-lift shift technology helps keep you in the powerband, and Z's mechanical limited-slip differential lets you put every last horsepower to the pavement.

Nissan Z® Performance shown in Bayside Blue QuadCoat⁷ with accessory Splash Guards (4-piece set) and Dual Racing Stripe.

nismo

Z® NISMO® — the apex predator

Developed by the legendary motorsports arm of Nissan, the Z NISMO rattles the cages of the competition with a track-tuned 420-hp engine,¹ enhanced 9-speed automatic transmission, and unique Sport+ Drive Mode for incredible response.⁸

Aerodynamics learned at the track make their way to the street. A unique honeycomb grille enhances engine cooling, while front canard wing vortex generators, wider sill side spoilers, rear air splitters, and a unique rear spoiler all help provide additional downforce.⁸

Putting power to the pavement is a NISMO-tuned suspension featuring larger-diameter shocks and higher spring rates, massive Akebono® brakes with larger 15" rotors, and wider 19" lightweight RAYS® forged-alloy wheels wrapped in special Dunlop® tires.

Inside, it is as beautiful and sports-inspired as it is focused, with Recaro® seats, an Alcantara®-wrapped steering wheel with a red leather stripe at 12 o'clock, and a unique instrument display on the digital dash.

384 lb-ft of torque¹

NISMO body reinforcements

NISMO-unique RAYS® forged-alloy wheels

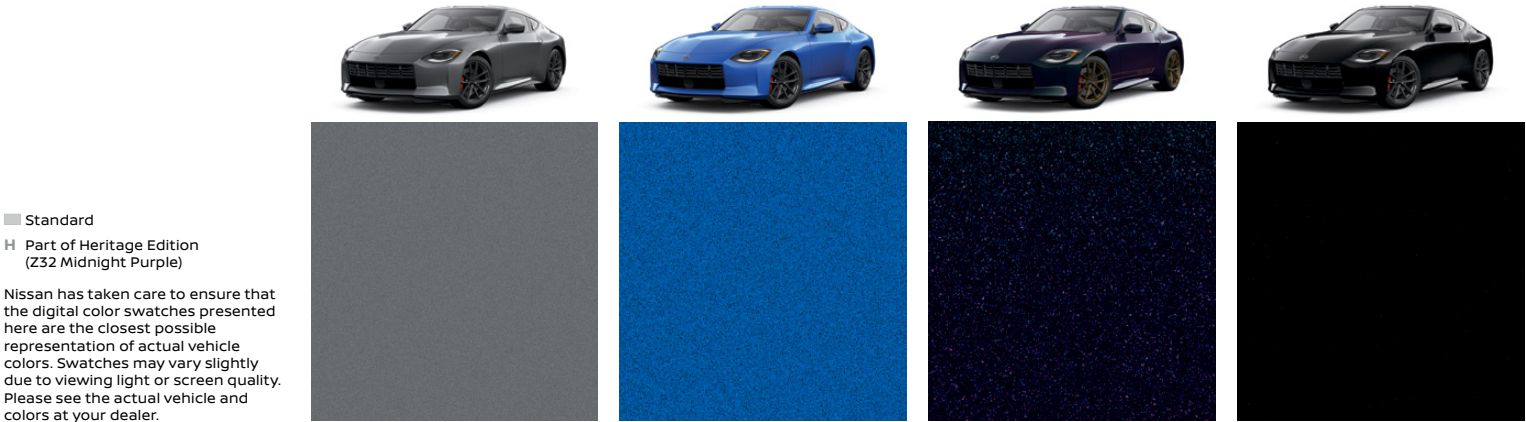

NISMO-exclusive front and rear fascias, side sills, and rear spoiler

420 hp¹

Professional Driver. Closed Course. Obey all traffic laws, always drive safely, and wear your seat belt.⁸

Scratch Shield Clearcoat

Scratch Shield is a clearcoat that is more scratch resistant compared with conventional clearcoats, helping your Z® maintain its new look for a longer period of time. The paint also helps repair fine scratches, helping to restore the Z's surface close to its original state.
